THE STATE BOILER INSPECTOR NEW YORK MAN STUBBORN IN THE STOPPED WORK ON TWO

Comments Work of Industrial and Technical Schools as Great Aid to Young Men

Appropriation Exhausted Men Out of Work—Bids Wagon Shed Opened

This was a record day in the office of the state boiler inspector when nearly 20 applicants presented themselves to be examined to qualify for licenses of 1st and 2nd and 3rd class engineers and firemen. The tests were conducted by inspectors Edward Moran and Edward Mores, both Lowell men, and Mr. Spokgund of Boston.

During the holiday season, few candidates appeared at the office to be tried as to their qualifications and dullness was the chief characteristic of the getting there. Now, however, there has begun a grand rush for licenses from all the cities within the district and the officials have all that they can comfortably attend to.

The first applicant appeared early this morning, soon after the office opened and at the time of a Sun reporter's visit, was busily engaged in demonstrating his ability as engineer on the apparatus which is erected in the headquarters for this purpose. The examinations are both theoretical and practical; that is, the examiners by questions test the applicant orally as to his knowledge of the essentials of the work and then he is required to operate the engine while they look on. Usually the number of those who are successful is greater than that of those who fail.

Importance of Industrial Schools

Mr. Moran said this morning that he finds as a general rule that the men best fitted for these positions are those

who have received training in the state or local industrial schools where these branches are emphasized. The importance of these institutions, he said, cannot be overestimated in this regard, for in almost every case the men who have received their training under the direction of the inspectors of the schools receive the highest standing in the examinations.

Good Wages Paid Licensed Men

The majority of the applicants desire a license to qualify them for the positions of firemen or third class engineers for by starting at the bottom, they gain valuable experience and in a

short while are enabled to successfully pass the tests for the licenses of first and second class engineers which are more advanced and command higher wages. The wisest men gain their start in this manner. Mr. Moran said, for it is impossible for them to take charge of a plant and direct the work of others if they do not know how to perform these duties themselves. The amount which these positions pay varies from \$15 to \$30 per week and in not a few cases, the men who fill them command salaries as high as \$35 and \$40 per week. The latter wages, of course, are paid to the older and more experienced men.

Among the applicants who underwent the tests today were several from Lowell. Having received their licenses, they in most cases return to a position in the cities from which they came, but a large portion of them find employment in the local manufacturing plants. Mr. Moran stated that the number who appeared today was the largest that had been examined at the state inspector's office in any one day in a long while.

Factory Inspectors Busy

The factory inspectors of this district, Mr. J. J. Carey and Miss Mary Halley, are also being kept extremely busy in the performance of the duties which are theirs. This is a lively time of the year for them also. It is their policy to keep a close watch over the affairs which are in their charge and rather frequent the complaints than attend to them after they have been sent in.

CROCKERY SCHEDULES

Were Considered by the

Tariff Committee

WASHINGTON, Jan. 9.—The earthenware and glass schedules of the Payne tariff were up today again before the house tariff committee on ways and means. About 20 witnesses were selected to voice their views regarding what the tariff congress should do with pottery, marble and stone, retort earthenware, china, window glass, bottles and other things. Among the witnesses on the program were Jerome Jones of Boston as a spokesman for the pottery industry, Percy H. Wilson of Philadelphia, secretary of the American Portland Cement Association, and William D. Zanesville, Co. for the National Association of Granite Dealers.

MONEY TRUST HEARING

Refused to Name Officials Who Profited by California Syndicate—Don F. Baker Star Witness Today

WASHINGTON, Jan. 9.—Because he refused to give to the house money trust committee the names of 24 national bank officers who profited in a syndicate formed to market stock of the California Petroleum Co., George S. Henry of Solomon & Co., New York bankers, was certified to the speaker of the house today for contempt. The full banking and currency committee voted unanimously for that action.

Mr. Henry testified that national banks and national bank officers participated in a syndicate to the extent of \$1,000,000 and without putting up any money or taking over any stock, took profits of about \$50,000. He maintained that his confidential relations with his customers would not allow him to furnish the names of the participants and presented a statement framed by former Senator John C. Spooner as counsel, justifying his refusal to answer.

Speaker Clark will review the case to determine whether he will certify the record to the district attorney of the district of Columbia for criminal prosecution. The case threatens to involve the ultimate question of the money trust committee's authority to inquire into the affairs of the national banks which probably would be taken to the supreme court. Opinions on the subject among the government's legal experts in the department of justice differ. If the Henry case is fought out to a conclusion the committee's inquiry into the questions which it related may be locked pending a decision.

Star Witness Today

WASHINGTON, Jan. 9.—As one of the star witnesses in the probe of the so-called money trust, Don F. Baker, of the First National bank of New York, was on today's program of the house

money trust committee. Mr. Baker, who with J. P. Morgan and James Stillman, make up, according to Samuel Untermyer, counsel for the committee, the most powerful group of financiers in New York, was called to testify as to the financial relations of these three men, the institutions in which they are factors and the funds they control. A retinue of attorneys accompanied the New York financiers to Washington, headed by Asher Baker, his brother and chief counsel and former Senator John C. Spooner. Before the examination of Mr. Baker was begun an executive session of the full banking and currency committee was called to certify to the speaker of the house the case of George S. Henry, who, on Wednesday, declined to reveal the names of national banks and their officers who participated in the formation of the California Petroleum Co.

GOVERNOR MARSHALL'S MESSAGE

Sends the Slogan of Progressive Democracy Throughout the Entire Nation

INDIANAPOLIS, Ind., Jan. 9.—For the first time in many years the state legislature opened its annual session, when it convened here today, with both branches controlled by the democrats. A large amount of legislative business was on the docket when the legislators assembled at the state capitol. Governor Thomas Riley Marshall, who on the fourth of March next will be sworn in as vice president of the United States, made a stirring address to the assembled houses. His message dealt entirely with state topics.

Governor Marshall said in part: "Unless progressive legislation is enacted, the people, some day, will open up the cul-de-sac even though the opening may lead representative government over a precipice into the realm of paternalism," said Governor Marshall in his message to the Indiana legislature today.

"Representative government does not mean that present-day conditions cannot be remedied. If the contrary progressive legislation may be enacted with no disturbance to the checks and balances of our system of government."

"The last general assembly recognizing our unfortunate condition with reference to the amendment of the state constitution, ordered the question of adoption or rejection by the people at the election in 1912 a new constitution. An action was brought to enjoin and restrain the governor and the other members of the state board of election commissioners and the secretary of state from putting the question of adoption or rejection upon the ballot. The litigation resulted in a permanent injunction by the Indiana supreme court upon a divided opinion, three members of the court being in favor of the injunction and two against it."

"With utmost respect for the majority of the supreme court, I feel that I felt that while there was a possibility of a judicial review I should not set myself up as a judge and resist by force of arms what to me was an encroachment of the judiciary upon my constitutional rights. I was wholly unwilling to permit my personal views to result in anarchy. I believed that an orderly procedure with respect for the court, however little respect I might hold for its opinion, was the only way to pursue. I felt assured that the supreme court of the United States would not punish me for trying to decide the great questions involved. I have seen these school books in states

where they are furnished gratuitously to the pupils and wish to add that if Dr. Hurty would permit such books to be used in Indiana, he would cease to be the enemy of the miserable and would become the godfather of the germ."

Gov. Marshall suggests among other things that a Panama Pacific exposition commission with women representation thereon be appointed. He recommends the enactment of an inheritance tax law.

Legislation to prohibit stock watering and to "protect the unwary against investing their money in that which is not property but mere promise in those schemes which are ordinarily known to the business world as 'blue sky'."

Immediate enactment of a workman's compensation act.

Anti-labor shark legislation.

That trust companies be treated the same as banks and that the people be protected against panics.

Stringent housing laws.

Establishment of a state penal farm for male prisoners.

Strengthening of laws against sale and use of cocaine and opium.

Revocation of liquor licenses upon third conviction of their holders.

Ratification of proposed amendment for popular election of senators.

On account of the appropriation being exhausted, work on the Kirk avenue and Dutton street sewers was stopped last Wednesday, and will not be resumed until a loan for that purpose has been made. Both jobs are nearly completed, but Supt. Putnam stated this morning that approximately \$2500 or \$2600 will be needed to finish the jobs. The proposition will be presented before the council at its meeting this afternoon. There were 35 men employed on both jobs, 24 on the Dutton street and 12 on the other.

The regular sand shift of the street department was on duty bright and early this morning. There were 27 teams and about 60 men kept busy before the ringing of the mill bells, sanding the slippery sidewalks.

Bids Opened

The bids for the construction of an addition to the board of health stable at the city yard in Broadway, which will consist of a wagon shed to be constructed of wood and brick, were opened this morning in the lands and buildings department by Commissioner Cummings. There were five bids presented and before breaking the seals on the envelopes Commissioner Cummings announced to those present, according to a recent ruling of the board, no contract can be made unless the money is on hand. It was stated that the money for the construction of the said addition is not borrowed until next Tuesday and that as soon as he is notified the city treasurer that the money borrowed he will award the contract.

There were five bids submitted, the highest being \$3975, while the lowest was \$2595, the difference being \$1380. The bids as given were as follows: Connors Bros., \$2965; Matthias F. Connor, \$2895; D. H. Walker, \$3060; Cyrus Barton, \$3575, and Patrick Conlon, \$3575.

Scarlet Fever

There was another case of scarlet fever reported at the board of health's office this morning. All in all, from Aug. 1 to Jan. 4, there were 761 cases reported at that office, and from that large number only five deaths were reported.

Street Bills

Commissioner Donnelly finds many bills unpaid in the street department and is waiting the arrival of others.

POLICE COURT CASES ALLEGED KEY WORKER

Quickly Disposed of by Arrested by Inspector Judge Enright Maher Today

It took Judge Enright just 12 minutes this morning to dispose of the various cases which came before him in police court. There were no drunken offenders in the dock and in each case which was called the defendant entered a plea of guilty.

Violated City Ordinance

Krekor Gorgodlian entered a plea of guilty to a complaint charging him with violating the city ordinance by allowing his horse and carriage to stand in Central st. for more than 20 minutes. A fine of \$2 was imposed.

Burton H. Wiggin was also found guilty of violating the ordinance by allowing his automobile to remain in Merrimack street for more than 20 minutes and a fine of \$2 was imposed.

Case Continued Again

The case of Menahes Tsigourakos charged with assault with intent to murder, George Douvils was called for trial but when the court was informed that the complaint was not filed in the matter was continued until January 18, the defendant being held under \$2000 bonds for his appearance at that time.

Tsigourakos and Douvils while at work in the Appleton mills got into an altercation and it is alleged that the former drew a knife and stabbed Douvils several times. After the assault Tsigourakos made his escape but he was shortly afterwards apprehended.

Larceny Case Settled

Charles J. McCarthy was arrested yesterday on a warrant charging him with the larceny of \$20 in money from Richard Grant. John J. McClure, counsel for McCarthy, entered a plea of guilty for his client and stated to the court that McCarthy had been in the employ of Grant and had appropriated the sum of money mentioned in the complaint but that McCarthy and McCarthy had talked the matter over prior to the opening of court this morning and Grant was willing to allow McCarthy to make restitution. The court continued the matter for two weeks in order to give McCarthy an opportunity to "make settlement with the complainant."

Withdrew His Appeal

Thomas J. Corcoran who was sentenced to three months in jail for larceny yesterday and appealed, came into court this morning and withdrew his appeal.

A sick key worker has been operating in the Armenian colony, in Charles street and vicinity, of late, and despite the efforts of the police they have been unable to locate the man until today, when Harry Merrill, aged 23 years, was arrested by Lieut. Martin Maher and booked at the police station for breaking an entering and larceny. The police feel confident that in the arrest of Merrill the mystery surrounding the many breaks will be cleared up.

A number of articles have been recovered, and it is alleged by the police that they can easily connect Merrill with the goods.

Inasmuch as many of the residents of the colony in Charles street work during the day, the thief, whether it was Merrill or another person, had plenty of opportunity to try the various keys of which he had a large number on a key ring, until he found one which would fit the lock and then ransack the house. Among the many articles stolen at various times included—clothing, money, jewelry and razors.

Merrill claims that he is innocent. He will be brought before Judge Enright in police court tomorrow morning when he will be asked to plead to a complaint charging him with breaking and entering and larceny.

PROTESTS AT NATICK

Citizens Mad Over Raise
in Price of Tickets

NATICK, Jan. 9.—More than 600 residents attended a public meeting called at Congress hall last night to protest against the increase in commuter tickets between Natick and Boston.

The increase in the price of railroad tickets was discussed by Timothy F. Sullivan, William B. Higelow, John W. McCarthy and Representative Naphen. Under the new rate, commuters must pay \$2.55 more than formerly for three months' tickets, while practically all the students of this town who formerly paid \$12 a quarter for tickets must pay \$22.55. The students' tickets having been practically done away with.

A degree of the gas and electric light commissioners on Oct. 22 last advised the reduction of the price of gas from \$1.75 per 1000 feet to \$1.50 per 1000 feet. The gas company, beginning Jan. 1, established a new rate of \$1.60 with a rebate of 10 cents per 1000 feet on bills paid before the 15th of the month.

Forest N. Adams, George C. Fairbanks and Ralph V. Morrill criticized the gas company severely for disobeying the ruling of the commissioners. A motion was carried requesting Representative Naphen to introduce into the legislature a bill compelling its compliance with the order.

Postmaster Dufresne stated that the carriers at the Natick postoffice had petitioned the department to make that office a substation for Framingham or Boston, saying that this would mean an increase of \$100 a year in their salaries.

This petition was discussed by Letter Carrier A. B. Pierce, who gave the letter carriers' viewpoint, and by George C. Fairbanks, P. T. Sullivan, M. F. Kennedy, William B. Higelow, R. V. Morrill and Lawrence S. Quirt. All opposed the change except Mr. Quirt, who made an attack upon all who opposed it.

A resolution was adopted to be filed with the postmaster general, expressing the opposition of the townspeople to the proposed change.

Y. M. C. A. STAR COURSE

Chicago Ladies' Orchestra Pleased Audience

The Chicago Ladies' orchestra was the attraction last evening at the First Universalist church, the occasion being the third of the star course entertainments, which are under the direction of the Y. M. C. A. A large crowd attended and thoroughly enjoyed a very pleasing program.

In addition to classical music, including selections from grand opera, many popular songs were also played, and those from the "Spring Mad" were especially well received. The last number was a selection of favorite songs called "Songs We Love."

Miss Mary J. Lutz, the violinist, was the star of the evening, and her rendering of several of the more difficult movements from Lalo's "Symphonie Espagnole" was highly artistic, and showed that she is a performer of particular merit. Miss Clara L. Cawthorne, the conductor, had an important part in the entertainment, and her various offerings were very pleasing. Miss Frankie Cawthorne, the flutist, played Bouccler's "Champion Polka" and Miss Ethel S. Hicks sang the Scotch song, "My Lad-die" and also gave a clever musical comedy. Mr. Louis O. Hunter conducted a grand opera selection from the well-known opera, "Faust." "Il Trovatore" etc. One of the last appear-

ated numbers on the program was the playing of old songs by a brass quartet, consisting of two French horns, a cornet and a trombone.

The members of the orchestra are Mary J. Lutz, violin virtuoso; Bernice Chambers, first violin; Frankie Cawthorne, flute; Hazel M. Goff, cornet; Mabel Crooks, bass; Ethel S. Hicks, piano and drums; Clara L. Cawthorne, reader and drums; and Louis O. Hunter, trombone.

The next entertainment in the series will be held on Wednesday, February 19, and will be a lecture given by Hon.

Frank J. Cannon, a former senator from Utah, who will speak on the "Modern Mormon Kingdom."

Historical Writer Dead

CONCORD, N. H., Jan. 9.—Joseph B. Walker, a well known historical writer and former chairman of the state board of agriculture and forestry board, died at his home here last night. He was born in Concord in 1822 and was the oldest graduate of Phillips-Exeter academy. He was graduated from Yale in 1844.

SHOT HIS HEAD OFF

Henry Storey a Suicide
at Forge Village

Henry Storey, aged 58 years and carpenter by occupation, committed suicide by shooting off the top of his head at his home in Forge Village yesterday morning. He died an hour after the shooting.

Storey had been despondent for some time past and yesterday morning before dressing himself took his shotgun, pulled the trigger with his foot and blew off a portion of one side of his head. Mrs. Petrie, his housekeeper, and a milkman were in the house at the time and upon hearing the shot rushed into Storey's room and found him in a dying condition.

Dr. C. A. Haney of Westford and Dr. Wm. H. Sherman of Grantville were summoned but upon arriving at the house found it was impossible to save the man's life.

Storey is survived by two children, a son and daughter, who lived in Hudson. His half brother, Richard F. Prescott, resides in Forge Village. Storey bought the house, in which he has been living, some time ago and had just completed repairs and improvements and the property was in excellent shape. His melancholia had been noticed, however, and his suicide is undoubtedly a result of this condition of mind. Medical Examiner Frank S. Bulkeley of Ayer viewed the body and pronounced the death due to suicide by shooting.

HELD ANNUAL MEETING

Reports Read and Officers Elected at Yearly Convention of First Congregational Society Last Night

The annual meeting of the First Congregational society took place last night in the basement of the church and as usual the principal business was the reading of the reports of the various departments and the election of officers.

Justin H. Kimball was chosen moderator and Andrew Liddell was selected to the office of clerk and treasurer. The prudential committee was chosen as follows: Leonard H. Hartley, Joseph W. Griffin, Charles O. Hall, Charles A. Morton and John L. Russell.

The report of the treasurer showed that the receipts of the past year were \$3533.32, and the expenditures were \$3533.32. The church debt was reduced \$1100 during the year. The sum of \$4800 was allowed for the church expenses and salary for the coming year, and the outlook is bright and hopeful.

Chicago "L" Car Drops to Street

CHICAGO, Jan. 9.—An empty car of an Oak Park elevated train crashed to the street from the elevated structure yesterday after bumping the icy tracks and uncoupling from the rest of the train. Nobody was injured. The car was smashed like an eggshell. This is the first time in the history of the Chicago "L" lines that a car has dropped from the structure to the street.

Horse Killed by Live Wire

LYNN, Jan. 9.—While Leslie R. Durkee, 16 years old, of 131 Eastern avenue, Lynn was driving his father's charcoal wagon at Western avenue and Fay street in that city last night, the horse fell dead. A broken telephone wire was found under the animal's head. The horse was protected from the Chicago "L" lines that a car has dropped from the structure to the street.

MYSTERY IS CLEARED

Mrs. Donovan Died of
Epileptic Fit

BOSTON, Jan. 9.—The report of Dr. William F. Whitney of Harvard, that the death of Mrs. Mildred Donovan was due to natural causes, and the asphyxiation of blood in the vocal cords while the woman was probably insensible from an epileptic attack, practically clears up the mystery which surrounded the case.

There remains alone the possible theory that the company of Mrs. Donovan, New Year's eve, might have struck her in the face, causing the flow of blood which resulted in strangulation.

NEW HAVEN, Conn., Jan. 9.—Complete official returns of the strike ballot taken by the clerks employed by the New York, New Haven & Hartford railroad company show that the vote was 1687 to 73 in favor of a strike. Although the clerks are still being held between officials of the road and the clerks, the company has not yet granted the demands, which include an increase in wages and an eight-hour day.

SECRETARY WILSON

Gave the First Lesson as Schoolmaster to 250 Agents—They Held Daily Sessions Here

WASHINGTON, Jan. 9.—Acting in the capacity of "schoolmaster" Secretary Wilson yesterday gave a practical lesson in farm demonstration work to a class of 150 county agents. It was the first meeting of these agents who are starting on the farm demonstration work authorized by congress in the northern states.

The agents will hold daily sessions here until Jan. 21, and each day they will listen to addresses by experts on farm problems.

Deadlock in Legislature

CHARLESTON, W. Va., Jan. 9.—The 121st regular session of the West Virginia legislature met yesterday and failed to organize, owing to a tie in the senate. An extraordinary session, called Jan. 2, did not get underway without having accomplished anything for the same reason. The senate adjourned until noon today. The house also adjourned, but has been organized since the beginning of the extraordinary session.

Dr. Henry Hatfield, republican governor-elect, is expected to break the deadlock.

TWENTY-FIVE CENTS PER MONTH

and yet we venture to say that many of the births where no physician is called are unreported. It may be more judicious to state that a fee of 25 cents is paid to the physician or midwife reporting a birth as required by law.

CARS WITHOUT SIDE SIGNS

People who wait for cars in Merrimack square are still subject to the annoyance of seeing many of these cars without any side signs. This, it seems, is a matter which the local superintendent should rectify without delay. While standing at the square a few nights ago, Supt. Farrington was asked by a bystander the destination of a certain car that happened to be passing at the time. It had no side signs and the superintendent was obliged to run around to the front of the car to ascertain where the car was bound for. Passengers should not be obliged to descend upon small front or rear signs. There should be side signs also, so that people who are waiting along the sidewalk can see and read the destination of the cars at the waiting station, without having to go in front or behind them. This is a very small matter to have to refer to so often and it indicates either incompetence or gross carelessness.

BADLY LIGHTED FACTORIES

A recent report by the state board of health speaks of imperfect lighting of factories. An expert made an examination of factories in New Bedford and Fall River and found many operatives and overseers suffering from eye strain on account of the imperfect light. Many operatives were also found to be wearing glasses because of the dim light where they worked. This is due in many cases to the fact that the buildings are shut out from the daylight and the companies do not care to supply artificial light in the daytime even when necessary. This matter is of more importance than is generally supposed as eye strain brings on a long train of evils beginning with headache, dizziness and effects even more serious.

TO PREVENT CROWDING

The Lawrence board of health has a bill in the legislature to empower it to prevent the overcrowding of tenements in that city. The bill is practically the same as the regulations which are enforced in the city of Boston for the same purpose. Some such provision should be made for every city and town in the state in the interests of the public health as well as common decency. Every board of health should have the power to prevent the overcrowding of tenements, an evil that is regarded as one of the main causes of tuberculosis so common in the congested districts of manufacturing cities.

FEDERAL INCOME TAX

Governor Foss, in a special message to the legislature, reminds the members that past legislatures of this state, in opposing the federal income tax, took a stand against a most popular measure that has been endorsed by all except four states of the union. It is likely that the legislature this year will favor the amendment. If the states where concurrence is desired will take action at an early day, then the amendment will be ratified and the owners of vast wealth will be required to contribute more than they do at present to the support of the government.

TO BEAT THE PARCEL POST

It is announced by the Wells Fargo Express company that they will fight the parcel post system. The competition is to extend to rates and service alike, and the aim of the company will be to outdo the service offered by the post office system. This is good news for the people of the United States; it means a reduction in the expense rates on small packages, that would never come but for the parcel post system. This is one reason why the people should stand by the parcel post.

CURTIS GUILD'S CANDIDACY

Ex-Governor Curtis Guild, now ambassador to Russia, is put forward by many republicans as the most eligible candidate for United States senator. It is true that he is vastly superior to most of the other candidates but the question of his election is another matter. Anderson-Guild would win all the votes of the well-to-do and the middle class as well as all the votes of the laboring class and the lower middle class. He is a man of high character and high ability and his election would be a great gain to the republic.

REPORT OF BIRTHS

The city clerk today received a report of births filed to the board of health. He found that the physician of the city had reported the birth of a child. The child was born at the city hospital and was a healthy male child. The mother was a native-born American and was a resident of the city. The child was born at the city hospital and was a healthy male child.

Seen and Heard

Perhaps some may have the unrecalled habit some day, but it will be a mistake if they ever smoke again.

The wisest success your first rule in life should be to "keep busy" and your second rule "keep busy."

It is easy enough to stop smoking. The difficulty comes when you are tempted to begin again.

The following ten commandments of good citizenship have been put forth by the League of Women's Aid society:

1. Thou shalt keep thy city and keep its laws.

2. Remember the changing day and keep it wholly.

3. Thou shalt love and cherish thy children and provide for them decent homes and playgrounds.

4. Thou shalt keep thy windows clean and thy doors open.

5. Thou shalt keep in order thy alley, the back yard, the hall and stairways.

6. Thou shalt not fill thy children's bodies with poison, air, nor their souls with bad companions.

7. Thou shalt not let the wicked thy live.

8. Thou shalt not steal thy child's right to happiness from them.

9. Thou shalt keep thyself against the neighbor's rubbish heap.

10. Thou shalt cover all the air and sunlight that thou canst obtain.

There is a certain amount of hospitality of which answers to the unadorned expression of "Milk." Now "Milk," though possessing the usual feeling characteristics, facial expression and bearing which are common to all, is innumerable, is far from being an ordinary animal, at least so we are left to judge from the incident related by the "Milk" owner.

The other day "Milk" became engaged in a heated discussion with a milkmaid acquaintance from the house next door over a point which neither would make public. Before very long, lightning like thrusts of pointed paws began to replace the ineffective words or argumentative "milk." But "Milk" being by reputation a peace-loving animal, rather than having wasted his precious moments in training and preparing his physique for unlooked-for bodily encounters of this kind, was in the wrong side of the argument when it was reduced to a question of mere brute strength, and his usually sleek fur began to show the effects of hard usage. His owner, who had been watching the scene at a time when her presence was most needed, and the willingness with which he had answered the summons to come into the house did not speak well for "Milk's" courageous spirit. He was safely within and under the sofa in the sitting room almost as soon as the retreat was sounded. But note the following:

before and slowly his features relaxed into a sardonic smile, and finally concluded by actually attacking me with his tongue at the other end with a matter of threat the enemy abandoned the field.

Such is the story as it was related to us, and here of you, my dear reader, do not be misled into the belief that we are willing to vouch for its authenticity.

BREAKING THE NEWS TO THE PIRE Although she says I know you much, And turns your other something thoughtful.

Shall I confess you from my clasp? I that have found you so delightful.

Shall I consent to swaying off? Shall you and I relations sever? Because you irritate my couch.

Shall I have done with you forever? Oh pipe of mine, must we now part? We that have been so much together.

We that have shared each joy and smart, Each hour of fall and rainy weather.

Not much I've tried that I like before, There is no ball in my eye, and I have told her there is nothing doing.

MILLS POORLY LIGHTED

Conditions in Two Mill Cities Shown

STATE HOUSE, Boston, Jan. 2.—A report relative to lighting conditions in the cotton mills in New Bedford and Fall River, prepared by Dr. Adam S. MacKnight of Fall River, state inspector of health for the first district, which includes both cities, is contained in the annual report of the state board of health. Relative to this matter, the report says:

"The state inspector of health of southern Bristol county made a study of lighting conditions in the cotton industry in Fall River and New Bedford. Many of the old mills were found either entirely or partly lighted by gas. The light was of such poor quality as to cause severe strain on the eyes. Moreover, the operatives and their subordinates defer lighting up so as to keep the lighting expenses down to a minimum. The operatives are thus kept working for a time before the lights are turned on, although it is so dark that they can hardly do their work properly."

"In the cotton mills where electricity is used for purposes of illumination, and where it is generated on the premises, the light is apt to be poor during the last of the day, resulting from the diminution of pressure of the steam as the machine after another ceases to operate. The 16 candle power bulb was found in several cases. These were so dimly lit, unshaded."

"One hundred drawers in all adult males, in the cotton mills were examined. Practically all were obliged to wear glasses while at work despite the fact that the natural light was exceptionally good and that they were properly placed regarding the light. Artificial light, when needed was supplied by electric bulbs of sufficient power, properly hooded and advantageously placed. The exacting nature of the work, the fineness of the thread and the great number of harnesses used made this work especially trying to the nerves and the eyesight. Fully 50 per cent suffered from nervous strain. This was especially true in the case of those who had been long employed at the work. The ages of these women ranged from 19 to 31 years."

"Forty-two inspectors engaged in examining and classifying various pieces of cloth were examined. This work called for exceptionally good light, both natural and artificial. In the several mills visited the light arrangements for this work were excellent."

proper regard being paid to location, shading and hooding of light in order to obtain the best results, with the least possible injury to eyesight. None of the inspectors showed any ill health, but, on the other hand, many showed signs of eye strain and nearly all wore glasses.

Stenmore Officers

Last night the Stenmore club of this city elected the following officers: Pres. Edward J. McColeman; vice president, Frederick L. Shea; secretary, John Hogan; treasurer, Frank J. Quinn and president of the Athletic association, Dennis F. Mullane. The Stenmore have only recently organized but are progressing very rapidly. They plan to hold a banquet in honor of their officers Feb. 21, 1913, in the evening.

According to Jordan, his wife left him with their 15-month-old boy Monday morning to go to a nearby grocery. The groceries were delivered, showing she had been there. All efforts to trace the woman after she left the store have failed. Jordan said they had been married four years and always lived very happily. He says his wife acted all right mentally and he cannot in any way account for her disappearance. She is five feet tall, of dark complexion, with dark brown hair and eyes, and wore a brown skirt, white waist, long gray coat and dark felt hat with white feather.

All efforts to trace the woman after she left the store have failed. Jordan said they had been married four years and always lived very happily. He says his wife acted all right mentally and he cannot in any way account for her disappearance. She is five feet tall, of dark complexion, with dark brown hair and eyes, and wore a brown skirt, white waist, long gray coat and dark felt hat with white feather.

Somerville Woman Disappears

BOSTON, Jan. 2.—Robert V. Jordan, a Boston & Maine railroad freight brakeman, yesterday reported to the Somerville police that his wife, Catherine, aged 34, mysteriously disappeared Monday at 10 a. m., and has not been heard from since. He asked the police to aid in finding her.

According to Jordan, his wife left him with their 15-month-old boy Monday morning to go to a nearby grocery. The groceries were delivered, showing she had been there. Stenmore Officers

Last night the Stenmore club of this city elected the following officers: Pres. Edward J. McColeman; vice president, Frederick L. Shea; secretary, John Hogan; treasurer, Frank J. Quinn and president of the Athletic association, Dennis F. Mullane. The Stenmore have only recently organized but are progressing very rapidly. They plan to hold a banquet in honor of their officers Feb. 21, 1913, in the evening.

According to Jordan, his wife left him with their 15-month-old boy Monday morning to go to a nearby grocery. The groceries were delivered, showing she had been there. behalf of the parish, this state-
of fact is made, in order that
misconception as to the situation
be cleared away. An appeal is
therefore made not only to members
of the parish, who are already bar-
dened with the contributing to the or-
phanage extensions during the past
year, but also to public spirited mer-
chants and residents of the city to as-
ist. It is earnestly hoped that the
citizens and merchants will investigate
the matter and find for themselves
that the parish is greatly in need as the
result of the fire.

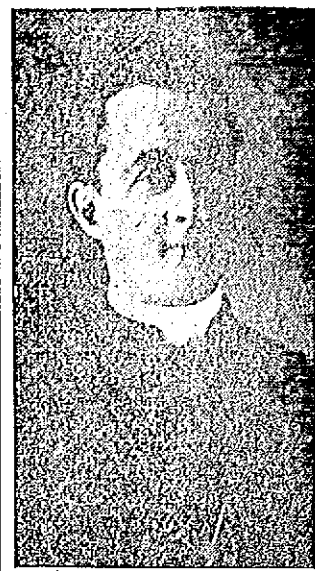

Immediately after the fire a sub-
scription list was started by Mayor
James E. O'Donnell, who headed the
list with his check for \$100, and the
Old Lowell National bank was appointed
depository to receive the funds and
issue proper receipts, and the list re-
ceived up-to-date is as follows:

given as follows: Building proper,
\$55,555.17; organ and contents of the
church, \$11,315.32; leaving a deficit to
be raised of about \$13,000.

It is estimated that fully \$150,000
will be needed to rebuild the church,
as considerable changes will be made.
The edifice will be enlarged at the
rear on both sides. The little school
house adjoining the church will be
torn down and instead a granite all
will be added, which will make the
rear of the temple a Roman cross. A
steel roof will also be put on and the
galleries inside the building will be
blatant and two will be constructed
in the rear, one for the choir and

the other in the shape of an amphi-
theatre for the congregation.

SURELY TAKE "SYRUP OF FIGS" IF
HEADACHY, BILIOUS, CONSTIPATED.

SWEETENS YOUR STOMACH, CLEARS YOUR HEAD AND THOR-
OUGHLY CLEANS YOUR LIVER AND 30 FEET OF BOWELS
OF SOUR BILE, FOUL GASES AND CLOGGED-UP WASTE

All these days when you feel miser-
able, headachy, bilious and dull are due
to torpid liver and sluggish bowels.
The days when your stomach is sour
and full of gas, when you have indi-
gestion, the nights when your nerves
twitch and you are restless and can't
sleep could be avoided with a tea-
spoonful of delicious Syrup of Figs.
Isn't it foolish to be distressed when
there is such a pleasant way to over-
come it?

Give your inactive liver and ten-
erous waste-clogged bowels a thor-
ough cleansing this time. Put an end
to constipation.
Take a teaspoonful of Syrup of Figs
tonight, sure, and just see for your-
self by morning, how gently but thor-
oughly all the sour bile, undigested,

fermenting food and clogged-up waste
matter is moved on and out of your
system—no nausea—no griping—no
weakness.
You simply can't have your liver
inactive and your thirty feet of bow-
els constipated with sour, decaying
waste matter and feel well. The need
of a laxative is a natural need, but
with delicious Syrup of Figs you are
not dragging yourself. Being com-
posed entirely of delicious figs, senna
and aromatics it can not injure.
Ask your druggist for the full name,
"Syrup of Figs and Elixir of Senna."
Refuse with scorn, any of the so-called
Figs Syrup imitations. They are meant
to deceive you. Look on the label.
The genuine, old reliable, bears the
name California Fig Syrup Company.

CONDUCTORS SUSPENDED

On the New Haven Road
in Ticket Scandal

BOSTON, Jan. 8.—A ticket scandal that may involve thousands of dollars has been charged against employees and passengers of the New York, New Haven & Hartford Railroad company.

Two of the oldest conductors in point of service on the road, already have been suspended, and many other conductors are under suspicion.

Prominent business men of Plymouth, Abington, Whitman, Randolph and other towns and cities are receiving bills for transportation, accompanied by curt notes suggesting that immediate settlement may forestall prosecution for evading fares or conspiracy.

These two men are known to thousands of passengers and were very popular on their runs between Boston and Plymouth. The suspensions were ordered by Superintendent Foster of the Taunton division after an investigation of reports made by special agents.

Several conductors on the Randolph train have been questioned. The suspension of one or more is momentarily expected.

Secured Pawnshops

Gorham Stanford, the Boston representative of the auditing department of the New Haven railroad, recently made an investigation of the local pawnshops and collected many tickets. It is alleged that some of these tickets were once used for transportation, but the conductors neglected to cancel them with their punches.

THE RAILROAD FIREMEN

May Strike on Fifty
Railroads

NEW YORK, Jan. 9.—To arbitrate or take a strike vote was the alternative last night confronting the representatives of 24,000 firemen on 50 eastern railroads.

Through their conference committee the managers of the railroads rejected yesterday afternoon the firemen's proposal to arbitrate under the Erdman law their demands for increased pay and other concessions. Instead, the railroads made two counter propositions.

The firemen's demands were represented May 1, 1912. Originally they called for increases in pay and the employment of extra firemen on large engines, the total expenses of which the managers estimated would approximate \$25,000,000 annually. The demands have been twice amended, the latest change calling for an addition of \$9,000,000 to the annual pay roll.

WELL KNOWN YEGG

Walter White Arrested at
Portland, Me.

Walter White, alias Walter Kelley, alias Walter Stewart, alias Walter Kent, one of the band of yeggmen arrested in a house at the corner of Appleton and Cornet streets two weeks ago next month by the local police, is in the toils again, he having been arrested in Portland, Me., for stealing a package from an express wagon which was standing on one of the streets in that city.

White and a man who gave the name of John Leighton, but who it was afterwards learned was none other than Andrew Golding or Andrew Goldberg, were being shadowed by the Portland police after being tipped off by the postoffice authorities, and while the pair were riding through a street they "lifted" a large package from an express wagon. They were immediately placed under arrest and when arraigned in court were given a hearing and held for the grand jury.

White is one of the ringleaders of the yeggs, and prior to coming to Lowell had made his escape from the Dyer, N. H., jail, where he was serving a sentence for postoffice robbery.

THE SENATORIAL CAUCUS FAILS

Congressman McCall Leads With
Total of 73—Wicks Next With
68 in Yesterday's Contest

BOSTON, January 9.—Developing strength on the first ballot that surprised even his own managers, Congressman Samuel W. McCall led on every one of the six roll calls taken in the senatorial caucus held by the republicans of the legislature yesterday.

On the last ballot McCall led Congressman John W. Weeks by five votes. His lead had varied from four to 10. The strength of ex-Gov. Eben S. Draper was surprisingly small. He had 13 votes on the first ballot, which dwindled to five. Ambassador Curtis, who has been pushed forward as the most available candidate in case of a deadlock, started with 11 votes and dropped to eight.

Three votes for a single ballot were mustered for William B. Plunkett of Adams. His supporters swung to Congressman George P. Lawrence of North Adams, who has not been a candidate, either actively or passively. Former Lieut.-Gov. Robert Luce got four votes on one ballot and Samuel W. McCall on another.

Samuel W. McCall 73
John W. Weeks 68
Eben S. Draper 13
Ambassador Curtis 5
William B. Plunkett 3
George P. Lawrence 1
Robert Luce 4
John Hays Hammond 1

Total vote 157 180 155 155 157 157

ator W. Murray Crane and John Hays Hammond each received solitary complimentary votes.

Plunkett men shifted to Congressman Lawrence in an endeavor to lead the way for the selection of a compromise candidate. Of the four absentees, Representative James H. Ferguson is one of the signers of the Draper circular. Representative Frederick W. Hurlburt sent word that if he were able to be present he would vote for Weeks as long as he had a chance for the nomination, with McCall as a second choice. Both Ferguson and Hurlburt are ill. Representative Clarence J. Wing of Hyde Park had a Bull Moose nomination and he is shy of caucuses. The other absentee was George W. P. Babo of Ward 22, whose absence was not explained.

SUCCESSFUL WHIST AND CONCERT

St. Joseph's College Hall Filled to
the Doors Last Night—Affair
a Grand Success

St. Joseph's college hall in Merrimack street was filled to the doors last night, the occasion being a whist and concert under the auspices of the members of the Association des Anciens Elèves du College St. Joseph, part of the proceeds to be devoted to the new building recently erected at the French American orphanage in Pawtucket street. The early part of the evening was devoted to card playing, followed by a fine musical program. Over 50 prizes were awarded the winners at cards, and all in all a very pleasant evening was spent.

Wolfgang P. Calise, Jr., president of the association presided and as usual his work was satisfactory to all. We rapped to order at 8.30 and immediately a hot contest at whist was started. On account of the long musical program only five deals of cards were played, but the contest was a most spirited one.

Following the game of whist the audience took seats nearer the stage and the following musical program was rendered with precision:
Overture by the Dimeband orchestra; song, "Sing, Sing and Shimmer," by Gounod, Miss Josephine Charbonneau, accompanied at the piano by Miss Anna McKereher and at the violin by Edmond Bailey; song, Miss Josephine Charbonneau, entitled "Joely's Lullaby," by Benjamin Goddard, accompanied by the same accompanists; piano selection, "Song of the Brook," by Miss Anna McKereher; song, Mrs. Mabel Perry, accompanied at the piano by Miss Mathilda Dimodana; declamation, M. I.

"Gully or Not Gully," Arthur L. Eno; comic song, Edelmard S. Desmarais; concert solo, Mrs. Leonard G. Gaudin; song, Miss Georgianna Carufel; piano selection, Edmond Vezina; remarks, Rev. Joseph M. Blais, O. M. I., violin selection, Edmond Bailey; piano finale by Edmond Vezina.

All numbers were very pleasing especially those supplied by the Dimeband orchestra, Miss Charbonneau, Miss Carufel and Mr. Desmarais. Mr. Vezina of Woburn was also much applauded and he was forced to respond to several encores. Rev. J. M. Blais, O. M. I., chaplain of the organization, in his remarks, thanked the large audience, and also complimented the committee in charge, especially Messrs. Sam Parent and George Cossette, through whose efforts the affair was made a success.

The judges at whist were Messrs. Sam Parent, Rev. Bro. Leonard Gaudin, Joseph Albert, Zephyr Ronessell and Epiphane Labrie.

The committee in charge was composed of the following, all members of the executive committee of the association: President, Wolfgang P. Calise, Jr.; vice president, Henri V. Charbonneau; secretary, Etienne J. Larochelle; assistant secretary, William Trotter; treasurer, Joseph P. Montminy; directors, Sam Parent, Roderick Jodoin, Arthur L. Eno, Eugene Ricard, Edelmard S. Desmarais and Rev. Brother Leonard Gaudin, director of St. Joseph's college and chaplain, Rev. Joseph M. Blais, O. M. I.

WASHED ASHORE ON REEF

Crew of Wrecked Ship
Reported Safe

ROCKLAND, Me., Jan. 9.—An unknown two masted schooner, supposed to be the Lena White of Rockland, was ashore today with only her two masts projecting on the Fiddler, a dangerous reef near North Haven, that has picked up many vessels in recent years. The crew was reported safe at Brownshead light, half a mile away. There is no telephonic communication with the light. Definite information is expected to be furnished by a tug sent out by E. Cobb & Co., owners of the White. The schooner struck about 1 o'clock last night and for a while burned torches.

HOT DEBATE OF WOMEN

Factional Tendency Indicated by Live-ly Scene in Women's National Democratic League Meeting

WASHINGTON, Jan. 9.—Indications of a factional feeling developed at the convention of the Women's National Democratic League today and furnished at least one interesting scene.

When Mrs. Matthew T. Scott, president-general of the D. A. R., mounted the platform to place in nomination for president of the league, Mrs. Stephen B. Ayers of New York, Mrs. John Scherwin Crosby, the present incumbent, invited Mrs. Scott to quit the platform and make her nomination from the floor. The announcement was greeted with hissing from one part of the hall. Mrs. Scott nominated Mrs. Ayers from her place on the floor. Mrs. Crosby already had been nominated. A debate developed over the credentials of Mrs. McCall Parker of the Women's Democratic club of New York. The credentials committee was called upon to decide her right to a seat on the floor.

A SENATORIAL FIGHT

In Granite State as Well
as in Massachusetts

CONCORD, N. H., Jan. 9.—The senatorial mixup in this state was further complicated last night when 82 democrats failed to go into the legislative caucus held for the purpose of nominating a candidate for senator.

This action is taken here to mean that the democrats, who lack four of having a majority on joint ballot, will be made to rally their full strength for the nominee, Henry F. Hollis of Concord.

DUDLEY L. HOLMAN

Will Give Hearing at City
Hall on Jan. 14

Mr. Dudley L. Holman of the State Industrial Accident board will on Jan. 14 give a hearing under the Workmen's compensation act. The affair will be held in the aldermanic chamber at city hall and will open at 10.30 a. m.

Under the Workmen's Compensation act an employer pays a certain amount of money to his employee, in case of accident, and when the matter cannot be adjusted by the interested parties, some member of the Industrial Accident board is called upon to settle the case. Mr. Holman will come to Lowell to investigate if there are such cases in this city and if so to do his utmost to bring about a settlement. The hearing will be open to all.

Board of Trade
as Opposed to
Tinkering

Lowell City Engineer Murphy has attended several meetings of the state committee and, with George H. Taylor, has been authorized to attend the final meeting to be held in Boston, Thursday, Jan. 9th. While the public health committee of last year devoted a great deal of time in preparing a law for Lowell it was thought best to wait until the state law was prepared and passed before urging the local municipal council to accept the proposed bill which is modified after the cement house law proposed by Lawrence Villier of the Russell Sage foundation.

The law, as proposed by the state committee and which will be presented to the legislature for enactment, will be considered by the executive and public health committees.

There was considerable discussion relative to the trolley express matter by the directors, and among those who spoke were Mr. Foster of the Tewksbury Board of Trade, Daniel F. Carroll, Patrick O'Hearn and others.

The municipal affairs committee submitted the following interesting report:

"In order that the people of the city and especially those driving vehicles may become better informed of the recent enacted traffic regulations, the committee would suggest that a communication be sent to the municipal council requesting that printed copies of the regulations be supplied to all livery stables, garages and owners of transport and express companies, and that the police department, especially in the business district, be supplied with copies for distribution. It is further suggested that a copy of the regulations be posted in all garages and livery stables.

"In order that visitors to the city may be informed that traffic laws are in force it is suggested that posts bearing signs reading to the effect that traffic regulations are in force in Lowell be erected upon the roads leading into the city and also suitable signs be erected to the business district as a caution to non-residents of the city.

"The committee desired to acknowledge the valuable work accomplished

by police officers in the business district and the supervision of the mayor. While the committee has no definite knowledge except what it has received from the newspapers it would recommend that the legislature changing the present city charter at this time, and it would further recommend that the legislative committee appear at the state house in opposition to any such legislation.

The committee has discussed at considerable length the existing system of the city, as proposed by the new contract, and has authorized the secretary to make a study of conditions in other Massachusetts cities and will render a report later. The committee looks with favor on the idea of providing the city with an ornamental street lighting system.

The Patterson Rubber company applied for membership in the board and was elected.

COUNT STEPHEN'S DUELS

Hungarian Parliamentarian Wounded His Man

BUDAPEST, Jan. 8.—Count Stephen Tizsa, president of the lower house of the Hungarian parliament, fought another duel yesterday and succeeded in wounding his man. Count Tizsa's opponent was Count Aladar Szecsenyi. The weapons were sabres and Count Szecsenyi was wounded in the head. Count Tizsa was not hurt.

The duel arose out of a declaration made in writing by Count Szecsenyi that it was through an error that he recently acknowledged Count Tizsa's salute. The latter promptly sent a challenge.

On Jan. 2 Count Tizsa and Count Michael Karolyi, a prominent member of the opposition, fought a duel with sabres, the latter being severely wounded. A third duel is scheduled for today between the president of the lower house and Count Aladar Zichy, an opposition deputy; while Deputy Polonyi, whom Count Tizsa said he would not recognize in the street, sent a challenge to Count Tizsa yesterday.

Cold Wave Reaches Mexico

EL PASO, Tex., Jan. 8.—The cold wave over the southwest has extended far into northern Mexico. Much suffering among the natives ensued; cold is reported not only in Mexican border states but along the American side of the border.

THREE STATES FLOODED

And Many Towns Are in Danger

PITTSBURGH, Pa., Jan. 8.—Portions of western Pennsylvania, Ohio and West Virginia were facing a serious flood situation last night, owing to a steady and rapid rise of the various rivers and small streams. A wide area of low land is under water. Hundreds of persons have been driven from their homes, many buildings are partly flooded, a number of transportation companies are crippled and several thousand men employed by industries in the flood zone have been thrown out of work.

A stage of 25 feet was registered here last night at the headwaters of the Ohio river. Flood water continued to flow into the Ohio from both the Allegheny and Monongahela rivers and the Ohio was rising at the rate of six inches an hour.

A stage of 22 feet, 10 feet above the danger mark, is expected here.

Elected Officers

The regular meeting of the Association Notre Dame de Bonsecours was held last night in C. M. A. C. hall. The feature of the evening was the election of officers for the ensuing year, with the following result: President, Miss P. Heugarty; vice president, Miss E. Polvert; financial secretary, Mrs. Anna de Lamotte; treasurer, Miss A. Goupier; recording secretary, Miss Rosanna Gagnon; trustees, Miss J. Bussiere; sonnet, Miss Philomene Demers; and medical examiner, Dr. C. H. Roy. Considerable routine business was also transacted. Mrs. Charles Bolvert presided over the meeting.

The installation will be held on Wednesday, Jan. 22, and will be followed by a social evening.

Letter Carriers Overworked

NEW YORK, Jan. 8.—Upon the letter carriers fell the duty of delivering 18,765 of the 20,254 packages consigned to New York addresses during the first week of the operation of the parcel post, according to a report issued yesterday by Postmaster Morgan. Wagon delivery service took care of the rest. The report states that 310,765 packages were handled at the main and branch offices in the city. Of this number 16,438 packages were received from out of town and 3316 were for local delivery.

This report does not cover Brooklyn and two other boroughs of the greater city.

Invalid Men and Women

I will give you FREE a sample of Dr. Pierce's Pleasant Pellets that have brought health and happiness to thousands—also a book on any chronic disease requested.

During many years of practice I have used numerous combinations of curative medicines for liver ills. I have kept a record of the result in case after case, so that my staff of physicians and surgeons, at the Invalids' Hotel, Buffalo, N. Y., are able to diagnose and treat cases at a distance with uniform good results.

But for the permanent relief of blood disorders and impurities, I can recommend my "Golden Medical Discovery," a blood medicine without alcohol or other injurious ingredients.

R. V. PIERCE, M.D., Buffalo, N. Y.

Nature's Way Is The Best

Buried deep in our American forest we find bloodroot, queen's root, mandarin, and stone root, golden seal, Oregon grape root and cherry bark. Of these Dr. R. V. Pierce made a pure, electric extract which has been favorably known for over forty years. He called it "GOLDEN MEDICAL DISCOVERY." This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tonic builder and tonic you require.

Dr. Pierce's Golden Medical Discovery has the endorsement of many thousands that it has cured them of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foulbreath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

"In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the 'Golden Medical Discovery' is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The 'Discovery' is not so good for acute coughs arising from sudden colds, nor must it be

expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken."

Sold in tablet or liquid form by all principal dealers in medicines, or send fifty one-cent stamps for trial package of tablets.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine—revised and up-to-date book of 1,005 pages. Cloth-bound, sent postpaid on receipt of 31 cents in one-cent stamps to pay cost of wrapping and mailing only. Address: Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

A Coffee Cup

Contains
OVER 2½ GRAINS OF CAFFEINE

Physicians recognize this drug to be of poisonous effect upon stomach, heart and nerves. Scientists employed by the U. S. Government found, in the famous Rabbit Case, that an amount of caffeine equivalent to that contained in two average cups of coffee killed a Rabbit.

What wonder then, if you are a coffee-drinker, that you suffer from indigestion, heart disturbance, headache and biliousness, sleeplessness, or nerve irritation?

Multiply 2 1-2 grains of caffeine by the number of cups of coffee you drink each day and you will determine the amount of poison you give yourself daily.

Eminent physicians are protesting against the present use of coffee. (Your family doctor can vouch for this.)

The aches and ills of your own body also protest when the burden becomes too heavy.

Doesn't your own common sense suggest that you quit coffee now?

THE NEW FOOD-DRINK,

Instant Postum

OFFERS THE EASY WAY

This charming table beverage furnishes a hot drink of remarkable palatability. It has a rich seal-brown color which changes to golden brown when cream is added. Tasting much like high-grade Java, it makes the ideal cup for those who want to get away from coffee troubles.

INSTANT POSTUM REQUIRES NO BOILING.

It is made "quick as a wink" by pouring hot water upon a level teaspoonful of the powder in a cup and stirring until dissolved. Add sugar and cream to taste and you have a very fascinating beverage.

Grocers sell Instant Postum, 90 to 100-cup tins, 50c; 45 to 50-cup tins, 30c.

DUCHESS OF CONNAUGHT

In Dangerous Condition
at Montreal Hospital

MONTREAL, Jan. 8.—The duchess of Connaught, wife of the governor general of Canada, who, according to an official bulletin yesterday afternoon, has suffered a recurrence of peritonitis, was brought here from Ottawa on a special train last night and taken to the Royal Victoria hospital. The following bulletin was issued from the hospital at 11:30 o'clock:

"Her royal highness, the duchess of Connaught, has stood the journey from Ottawa greatly well, and is now resting as comfortably as could be expected. (Signed) "E. L. Worthington."

BOSTON DEATH RATE

The Lowest in History of
the City

BOSTON, Jan. 9.—Boston's death rate for 1912 was the lowest in the history of the city, according to Dr. W. H. Davis of the board of health, who made public his figures yesterday. There were 11,634 deaths or a rate of 16.15 per thousand, as against 11,757 deaths last year. More people died from heart disease than from anything else, according to the statistics with 1,000 deaths as compared with 1,093 from tuberculosis.

For Woman Suffrage

LANSING, Mich., Jan. 9.—In the lower house of the legislature yesterday, Representative Powers of Detroit introduced a resolution providing for a submission to the voters at the spring elections in April next, of the constitutional amendment giving women the right of suffrage.

The amendment was defeated last November by a few hundred votes.

Change in Stock Exchange

NEW YORK, Jan. 9.—Governors of the N. Y. stock exchange yesterday amended the constitution of the exchange so as to make the nominating committee self-perpetuating to a less degree than it has been in the past. The amendment to the constitution does not become effective until January of next year. Officials of the exchange assert that the change is in no way connected with "reform" measures now under consideration.

Centralville Social Club

The regular meeting of the Centralville Social club last night was largely attended and considerable business was transacted. The new board of officers was ushered into office, the installing officer being Alphonse Dauphond, who was assisted by Hildegarde Ducharme. The officers installed were: President, Joseph Elle; vice president, Edouard Deschamps; recording secretary, Omer Ducharme; financial secretary, Fred Lachier; treasurer, Adolphe Bouchard; directors, Arsene Trudel, Pierre Brousseau, Edmond Traversy and Godfrid Caron.

Refreshments were served and a varied entertainment program was given.

No Fear For the Panther

WASHINGTON, Jan. 9.—Navy department officials said yesterday that no apprehension is felt for the safety of the repair ship Panther, which left New York last Thursday for Guantanamo, Cuba, in which port she was due last night or today. Officials strenuously denied reports that the vessels of the Atlantic fleet now en route to the winter drill grounds off Guantanamo have been instructed to try to pick up the Panther by wireless. They added that no fear would be felt should the craft fail to reach Guantanamo for a day or two. With the Panther is the tug Sonoma.

Want to Issue Bonds

ALBANY, N. Y., Jan. 9.—The Central New England Railway company has filed an application with the public service commission for authority to issue \$2,425,000 of four per cent bonds under a \$25,000,000 mortgage recently authorized by the commission.

THE TAXING OF FOOD PRODUCTS

Repudiated by British Unionists—
Bonar Law May be Retained
as Leader

LONDON, Jan. 9.—Tariff reform, so far as it involves the taxing of food, is on the eve of final disappearance as a plank in the Unionist policy.

A representative meeting of Unionists was held in the house of commons yesterday with the object of healing, if possible, the dissensions in the Unionist party created by the recent proposal to impose taxes on food imported into the British Isles and restoring the unity of the party.

A memorial was drafted and addressed to Andrew Bonar Law, leader of the opposition in the house of commons, advocating the policy of abandoning the food taxes at the next general election and urging that if the Unionists were returned to power they should call a conference of the colonies to decide how imperial preference should be established.

The memorial also sets forth that if the plan adopted by the colonies should involve the taxing of food no action should be taken until the country had again been consulted by referendum or by a general election.

Subject to these conditions, the memorial expresses unwavering loyalty to Bonar Law's leadership.

According to some of the Unionist papers Austin Chamberlain and other advocates of the food tax have agreed to the memorial which is expected to receive almost universal support and it appears to be the belief that Bonar Law will consent to retain the leadership of the party on the conditions thus imposed upon him, for the sake of restoring unity.

If this policy is adopted, however, it means that tariff reform no longer is a matter of practical politics, because it could not be introduced into parliament until after two general elections.

The Morning Post which represents the extreme tariff reformers, expresses the opinion that Mr. Bonar Law and Lord Lansdowne would rather resign than accept the memorial and says: "This is not merely a crisis but disaster. If Mr. Law and Lord Lansdowne should resign, no body on the front bench could with honor or dignity accept the position of leader, and the party would be smashed to atoms."

The Post further appeals to the Unionists not to abandon the food taxes, because that would throw Canada back upon the United States.

THE LUMBER TRUST ENJOINED

On Petition of Government That Eastern States Retail Asso. is in Restraint of Trade

NEW YORK, Jan. 9.—The government's petition for a permanent injunction against the Eastern States Retail Lumber Dealers association, alleged to be a combination in restraint of trade, was granted today by Judge Lacombe. Cox, Ward and Noyes, sitting in the federal district court. Final arguments for and against the injunction were heard a few weeks ago.

The defendants include beside the association named the New York Lumber Trade association, the Building Material Men's association, the New Jersey Lumbermen's Protective association, the Lumber Dealers' association of Connecticut, the Massachusetts

Lumber Dealers association, the Lumber Dealers association of Rhode Island, the Retail Lumbermen's association of Baltimore, the Lumber Men's exchange of the District of Columbia and their officers, directors and members.

In the government's petition, filed May 18, 1911, it was alleged that the defendants were engaged in a conspiracy in restraint of interstate trade and commerce and operated through the instrumentality of blacklists the imposition of fines and expulsion from membership in the combine of "peachers" and "scabbers" and by means of trade agreements arbitrarily fixed prices for the sale of lumber and lumber products.

The petition explained that the blacklists were known to the members of the combination as the "official reports" and that "peachers" were retailers who extended their operations in territory which under the trade agreements should be supplied by another lumber yard and that "scabbers" were retailers who carried on their business to the detriment of wholesalers.

In the petition the government included itself as a consumer of furniture and asked that the defendants be perpetually enjoined from making any contract or combination in furtherance of the conspiracy complained of in any of the states or territories or district of Columbia.

By today's decision this is granted.

HARRY LAUDER AT THE OPERA HOUSE FRIDAY AFTERNOON

HOPE NOT YET ABANDONED

By Those Who Look to Peace Conference for Settlement of Eastern War

LONDON, Jan. 9.—The progress toward a resumption of the peace negotiations between the Balkan allies and the Turkish empire is slow. It may, however, be accelerated after today's meeting at the foreign office of the European ambassadors, who are expected to agree on united action which they hope may put an end to the deadlock in the event that intervention should become necessary.

The delegates in the meantime are consulting in separate groups, but neither side appears anxious to convene another meeting of the conference until Turkey is ready to make proposals which promise a basis for fruitful discussion.

Dr. Danef, the chief Bulgarian peace plenipotentiary, today received cipher messages from the Bulgarian capital which represented conditions in Adri-

anople as appalling and the fall of the city as imminent.

Dr. Danef conferred with Pasha LONDON, Jan. 9.—The Daily Telegraph understands that Dr. Danef, the chief Bulgarian envoy, had a private meeting with Rehad Pasha, head of the Turkish delegation yesterday, which is likely to pave the way to a more formal reestablishment of relations between the peace delegates.

The Morning Post learns that the Turkish delegates have received instructions from Constantinople which will probably result in the resumption of the sittings of the peace conference.

The Constantinople correspondent of the Chronicle gives an interview with Kiamil Pasha, the grand vizier, in which Kiamil admits that the Turkish

ST. MICHAEL'S CHURCH

Parishioners Planning for the Coming Annual Reunion Soon to be Held—Committees Are Chosen

A meeting of the parishioners interested in the coming reunion of St. Michael's church was held the other evening and officers were elected to take charge of the event.

Mr. John America, whose Lowell store is located

Hayland was appointed chairman of the entire committee, and Mr. James Mullin, secretary. Mrs. Bernard Callahan is to direct the ice cream table, which will be in charge of the Married Ladies' sodality; Miss Margaret McCuskey will direct the candy table for the Young Ladies' sodality; and Mr. Alexander Bryan will represent the Young Men's sodality at the tonic table.

Mr. Edward Reilly was made chairman of the entertainment committee, the other members of which are Messrs. Martin Cordingley and Frank Reilly, and the Misses Mary Furion, Katherine Gallagher and Annie Bradley.

On next Tuesday evening at 8 o'clock, the next meeting will be held to make further arrangements for the reunion.

A Magnificent Wall Paper Store The United Wall Paper Stores of

Mr. John America, whose Lowell store is located

in Nelson's Colonial Department Store, are tearing out all their old shelving, racks, etc., and are installing their new fixtures, racks, shelving and offices in mahogany throughout, and their floor space will occupy one-half the entire fourth floor of the Colonial store, both their retail and wholesale departments will be on this same floor now. Mr. Wilson, who is general manager of all their New England stores, will have their New England offices located in their store here. They have made such reductions on all their papers that it will justify all who want to save money to buy all the papers they will need for the next few years at their great remodeling sale. Their stock represents several thousand dollars worth of strictly desirable wall papers, all new and distinctive in styles.

CONNECTICUT SENATE

Puts Up Fight Against

Republicans

HARTFORD, Conn., Jan. 9.—The Connecticut general assembly of 1913 began its sitting yesterday under conditions which are expected to lead to a deadlock. The joint rules of the last session have been passed by the house but tabled by the senate. The latter body, being strongly democratic, did not desire to adopt rules which have governed republican legislatures.

The republicans won the speakership contest in the house, by a scant majority, the eight progressive voting solidly with the democrats. The speaker, Morris C. Webster, of Hartford, thus has power to name a majority of republicans on all joint committees. The democrats tried every known parliamentary method to loosen the hold gained by the republicans, but failed. At 6:30 o'clock adjournment was taken until next Tuesday, Gov. Baldwin and all other state officers having been kept waiting from 2 o'clock before being sworn in.

Elke's Temple, Burned

WEATHER MAN'S JOKE K. OF C. LADIES' NIGHT

Made Fine Coasting and

Sleighting Today

Large Gathering at As-

sociate Hall

In addition to being the coldest on the calendar thus far, today also won the distinction of witnessing the putting into use of the first sleighs which have appeared to any extent on the streets this winter, to enjoy the excellent sleighing which the recent storm has made. The merry jangling of the sleigh bells was a pleasant sound and was heard generally through the city today.

Many of the markets and other mercantile establishments of Lowell were glad to take advantage of the snow and effect most of their deliveries on runners rather than on wheels. The recent rain and hail storms, followed by the cold snap, were the means of producing excellent sleighing.

Many whose business brought them out of doors for any length of time this morning had their ears frost bitten and perhaps felt at the sides of their heads the cold, numbing effect of the cold. Moreover, it is safe to assert that many Lowell people were afflicted with cold feet in the literal sense of the term.

Extensive use of the snowplow and large quantities of sand to increase the friction on the icy tracks has been found advisable by the authorities of the Bay State Street Railway company during the past day or two, for the falling steel which the storm brought and which froze immediately wherever it chanced to land, gave birth to some little difficulty. In spite of this, though, the cars continued to run on schedule time, and no long delays resulted.

Up on Middlesex street, on the shady side, about 11 o'clock this morning, there were three which had conflicting stories to tell of the intensity of the cold. The mercury of one of these registered exactly 20 degrees above zero, the second 18 degrees and the last one hardly more than 10, indication that going from Central street in the direction of the Boston & Maine station the cold was increasing. Earlier in the morning the mercury upon which the sun had not yet a chance to cast its warming rays crawled away down in the bottom of the tube.

The sidewalks were so slippery as to hold real danger for pedestrians, both yesterday and today, and in accordance with a well established law of gravity several without warning assumed an attitude of rest on the cooling pavement, when their feet suddenly broke away from their natural proximity. Later the street department of the city delegated men to go about sprinkling sand where it was needed.

Cold though it may be, nevertheless it did not serve the youngsters from enjoying the excellent coasting on the snowy hills which the city affords. In the Highlands, Belvidere, Fort Hill and Bridge street there were laughing, shouting children with double runners, flexible flyers and jumpers, which they rushed home to secure as soon as they were allowed to leave their school doors.

AT ALL DRUGGISTS

The members of Lowell council, No. 72, Knights of Columbus, entertained their friends in Associate hall last evening, the occasion being the third in the series of ladies' nights which that organization is holding. A remarkably pleasing program had been prepared for the guests, who showed by their appreciation that they thoroughly enjoyed it. The affair was accounted by all who attended one of the best of its kind that has been given this season.

The decorations in the hall were of pink and white bunting, while many brilliant incandescent lights added to the general festive appearance.

The entertainment for the evening consisted of selections from the opera

WILLIAM F. THORNTON,
Grand Knight

"Milked," given by members of St. Peter's parish, under the direction of Mr. Frederick O. Blunt, who so arranged the program that it began at 8:30 o'clock and ended at 10:15, less than an hour and a half. All the songs that proved so popular at the recent production of the opera at the Lowell Opera House were on the program last evening. Commissioner James E. Donnelly's songs were well received, especially "I Am the Duke of Japan," Miss Florence Hagius, in her solo, made one of the hits of the evening, as also did Mr. James McNulty. The solo, "Three Little Maids From School," was very well sung by Misses Katherine Mullen, Margaret Cawley and Catherine McAllister. Lawrence Delaney and E. Stetley, Jr., contributed favorite songs also. Mr. Blunt received much praise for the excellent showing made by the chorus of 40 voices. The accompanist was Mr. George H. Smith.

After the concert, the floor was cleared for dancing, which lasted until midnight. Schubert's orchestra played the music for dancing.

The officers who had charge of the entertainment were: General manager, Joseph F. Roarke; deputy grand knight, assisted by William F. Thornton, grand knight, Joseph H. Donnelly, trustee John F. Welch, trustee, Albert F. O'Brien, trustee, Daniel J. O'Brien, lecturer, floor director, Joseph H. Egan; assistant floor director, Edward F. Stetley, Jr.

Aids: John A. Quinn, Joseph Queenan, Elias J. McQuade, Thomas Teague, Walter S. Flynn, Dr. Wm. M. Collins, Dr. Patrick J. Bager, Dr. Thomas F. Carroll, Dr. Charles N. Roughton, Dr. Hugh Walker, Dr. James F. Gaffney, Arthur J. McQuaid, Joseph Haggerty, Matthew W. Wholey, James J. McManmon, Thomas McCullough, George Sullivan, Jerome P. Cullen, Michael J. THE Y.M.C.A. BANQUET

Committee of 300 to Hold
Reunion Tonight

Tonight a complimentary banquet will be tendered to the committee of 300 which had in charge the raising of funds for the new Y. M. C. A. building. There has been no reunion since the banquet in Ruelle's hall on the completion of their work. Supper will be served by the Women's auxiliary in the banquet hall of the new building. The president, Mr. F. A. Boyer, will preside, and a number of prominent business men will be the speakers. Among these will be Messrs. F. E. Dunbar, A. G. Walsh, J. P. Ramsey and E. W. Hearn, the state secretary of the Y. M. C. A. There will be special music and after the banquet the members will inspect the building and will enjoy the use of the billiard and bowling rooms.

On next Tuesday, Jan. 14, will occur the general opening reception. Gov. Foss has accepted the invitation of the program committee and will be the principal speaker of the evening. The Hon. Frederick Foss will speak. There will be special music. This will be a gentlemen's reception for the senior members and the male contributors to the building fund.

On Wednesday, Jan. 15, the program will be in charge of the Women's auxiliary. Prominent speakers and contributors will be present and all the women contributors to the association are invited to the meeting.

Thursday afternoon and evening will be devoted to the juniors, the high school boys and the employed boys. Saturday, Jan. 17, is in charge of the suburban committee, and will be devoted to the people of the town around Lowell. No special invitations have been issued to this meeting, but all who are able are invited to attend.

After the reception this week the gymnasium will be opened for classes. Although no advertisement has been made, more than half of the rooms in the dormitory have been taken and are already occupied, they being very attractively furnished and especially adapted to the use of business men and students.

GRAND JURY HELD SESSION HERE

Three Cases of Breaking and Entering and Larceny and One of Robbery Heard

The grand jury met at the local court house in Gorham street yesterday and considered four Lowell cases in which the lower court had found probable cause of guilt.

One of the cases was that of Francis J. Morales, charged with the robbery of \$10 from John T. Gagnon, who resides in the vicinity of Long Pond. Morales formerly worked for Gagnon, after which he came to this city and was employed in a local hotel. On Nov. 18, it is alleged, that he was short of money and, knowing that Gagnon always kept money in the house, he went to Long Pond and after covering his face with a cloth and holding something which resembled a pistol in his hand, he demanded Gagnon to turn over all the money he had. Gagnon gave him \$10 and recognizing Morales' voice notified the police and he was later apprehended.

Aubrey C. Bunker and John Markey were charged with breaking and entering and larceny. It is alleged that they

broke into Abraham Smith's store in Middlesex street recently. Bunker was caught in the store by Patrolman Thos. B. Riley and later Markey was taken into custody.

The other case was that of Max Levine, who was caught coming out of a shoe store in Merrimack street early last Sunday morning by Sergt. Giroux and Patrolman McLannan. Levine had a dress suit case filled with shoes and rubbers and when searched at the police station it was found that he had three keys which fitted as many different locks on the store door. When he was brought before the court Monday morning the case was continued and today the matter was heard by the grand jury.

Assistant District Attorney Brown was in charge of the grand jury, and among the Lowell witnesses called to testify were Capt. James Brosnan, Lieut. Martin Maher, Sergts. Thomas McDougherty and William Giroux and Patrolmen Riley, J. H. Clark and McLannan.

WOMAN 104 YEARS OLD DEAD

Mrs. Katherine Curry Passed Away at Chelmsford Street Hospital Yesterday

Katherine Curry, aged 104 years, died yesterday at nine o'clock at the Chelmsford Street hospital, where she has been since March, 1912. She was the oldest inmate in the institution.

Mrs. Curry formerly lived with a Mrs. Conlin at 557 Lawrence street until last March, when application was made for her admittance to the city hospital. Her age, as far as can be reckoned, was 104 years and in spite of her life of more than a century, she was exceedingly bright and active. Mrs. Curry was a great favorite with the other inmates of the institution

and all greatly enjoyed conversing with her and listening to her stories of events which but very few in this country are now alive to recall. Her loss will be mourned by her large circle of friends at the hospital, which includes the authorities themselves with whom she was a great favorite.

An effort has been made to get into communication with outside friends of the woman, for as far as can be ascertained, she has no relatives living. Thus far no one has been heard from in this regard and the remains still rest at the Chelmsford Street hospital.

The M. T. I. Bachelor girls gathered in Mathew hall Tuesday night in large numbers and presented their manager and founder, James F. Rourke, a

Morris chair as a token of their esteem and appreciation of the good work which he has accomplished for the society.

The whole affair came as a great surprise to Mr. Rourke. Early in the evening the girls began to arrive and a number of outside guests, including young men from Lawrence and other surrounding cities. On some pretense they managed to get Mr. Rourke away from the hall and in short order they had everything ready. Their founder was then asked to go up to the hall for a moment and entering he was astonished at the reception which he was accorded. With a very pretty presentation speech, one of the members gave Mr. Rourke an elegant Morris chair in behalf of the society as a whole and though completely overwhelmed by the unexpected demonstration, he managed to reply and express his gratitude and appreciation in a fitting manner.

Carpentier, France's Best Pugilist, is Coming to America

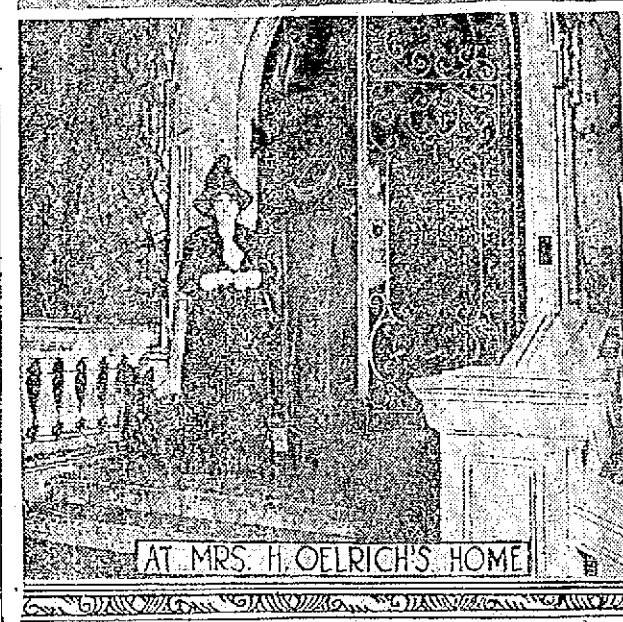

CARPENTIER
PHOTO BY AMERICAN PRESS ASSOCIATION

NEW YORK, Jan. 9.—Georges Carpentier, the best pugilist France ever produced, is planning to visit America some time in February to mingle with some of our heavyweights. Up until recently he was a middleweight, but now he is a full fledged member of the heavier division. Carpentier is 32 years old and has been in the fighting game for three years. He started out as a lightweight, then entered the wel-

terweight class, and later increasing weight forced him to enter the middleweight class. In this division he made a great name for himself. Although he was defeated by both Papke and Klaus in Paris recently, many claim that he was not properly trained. Fight experts abroad are of the opinion that he will shine as a heavy-

New York Suffragists Now Trying to Convert Members of the Four Hundred to Their Cause

SUFFRAGETTE MISSIONARIES TO SOCIETY

NEW YORK, Jan. 9.—A dozen or so of the prettiest suffragettes that New York can boast have been formed into a missionary band to labor with the dwellers of Fifth avenue and other fashionable thoroughfares. They intend to find out if the members of the Four Hundred are in favor of votes for women and, if not, why not. And their method of finding out is to go to them and ask questions—that is, they will ask questions if they can get inside the houses and approach the occupants. But their first efforts were not particularly successful. Most of the fashionable reported that they were not at home, and in other cases the English butlers shooed the disturbers away. Those shown in the picture are: Back row, left to right, Miss Elizabeth Frazer, Miss Marie Murphy, Miss Vera McCord, Mrs. G. Remington Charteris; front row, left to right, Mrs. Elizabeth M. Becker, Dr. Mary Halton, Miss Ida V. Simonton, Miss E. Carroll.

for the occasion, including many new members by the well known "Bachelor Girls," who are among Lowell's most popular organizations. There were vocal and instrumental solos and a concert by the orchestra of the club. Then general dancing was enjoyed by the members and their guests and refreshments were served the gathering. The evening was a most enjoyable one for all present.

Mr. Rourke has been connected with the Mathew Temperance Institute for the past 22 years and has been very active in promoting the good and progress of the society.

In September of the year 1911 he organized the M. T. I. Bachelor girls and it was to a great extent through his efforts that the club of young women has grown and prospered to a degree nothing short of remarkable. Since founding the society he has acted as its manager and has succeeded in securing some very good engagements to render concerts. The M. T. I. Bachelor girls are now among the city's most popular entertainers and all the concerts and socials which have been held under their auspices have been largely attended and afforded untold pleasure to their patrons.

Mr. Rourke enjoys great popularity among the members as is evident from the reception and gift which he received from them last night.

The members of the Mathew Temperance Institute are making plans and completing arrangements for the observance of their 31st anniversary. The various committees have been appointed to take charge of this event and they are making elaborate preparations to make it a record celebration.

The authorities are at present waiting to hear from Hon. David I. Walsh, lieutenant governor of Massachusetts, to whom an invitation to address the M. T. I. on the occasion of their 31st anniversary, has been extended. A communication has also been sent to His Honor Mayor Fitzgerald of Boston in this regard. It is thought probable that these two prominent men will be speakers at the observance and no date will be set for the holding of the event until they are heard from.

It is expected that there will be three principal addresses and an entertainment by the Bachelor girls, for which the latter are now rehearsing new music, both vocal and instrumental. The celebration will, of course, take place in Mathew hall which will be tastefully decorated for the occasion. A musical concert will be rendered, followed by general dancing. The date of the observance of the 31st anniversary of the organization will be announced in the near future.

BODIES FROM WRECK Of Steamer Rosecrans Washed Ashore

ASTORIA, Ore., Jan. 9.—Of the ship's company of 26 who sailed from San Francisco in the oil tanker Rosecrans only three survived the loss of the vessel yesterday on the rocks of Peacock spit.

Fred Peters, a quartermaster, is the only man ashore. He was washed up on the beach last night six miles from the wreck. He was only able to tell his name before he relapsed into unconsciousness.

Two more survivors, names unknown, are aboard the lightship, the only man ashore. He was washed up on the beach last night six miles from the wreck. He was only able to tell his name before he relapsed into unconsciousness.

The gale which drove the tanker to her fate still prevailed today. There seemed little chance that the lifesavers could make their way ashore before it fell.

Bodies from the wreck have been washed ashore at various points. Only that of Captain Johnson has been identified.

The Fort Canby life-saving crew was taken back to the station today after drifting most of the night in a disabled boat.

A BID OF \$7,080,000

For United States Motor Company

NEW YORK, Jan. 9.—A bid of \$7,080,000 for all the properties of the United States Motor co. and its five subsidiaries was made today by the Merchants' National bank at the foreclosure sale held by Judge Hough of the United States district court. Judge Hough took the bid under consideration. A certified check for \$200,000 accompanied the bid.

15 Degrees Below

ALBUQUERQUE, N. M., Jan. 9.—The cold wave which set in Sunday still has the central part of New Mexico in its grasp. Last night was the coldest on record here, 15 below zero. It was 12 below zero in Santa Fe, the coldest it has been there in 20 years while at Las Vegas 20 below established a new record.

NEW YORK, Jan. 9.—Yale defeated Columbia at ice hockey, 6 to 0 last night, in the first college game of the season here. The game was marked by excellent individual and team work. Yale's center, aged the puck four times. The play was fast and free from roughness.

THE VOLUNTEER BRIGADE Will Hold Annual Convention Next Month.

THE AFFAIR WILL BE HELD IN MANCHESTER

Local Guards Want Next Field Day Held in Lowell—Convention Will Occupy Three Days

The annual convention of the French American Volunteer Brigade of New England will be held in Manchester, N. H., on Feb. 2, 3, 4, and promises to be very interesting. The affair will be conducted under the auspices of a Manchester guard and will be attended by delegations from all the guards of the brigade from different parts of the state.

The Lowell guards to be represented at the convention are Frontenac, Honneur and Jacques-Cartier. The former has not yet selected its delegates and this will not be done until next Tuesday. The delegates for Garde d'Honneur are Capt. Joseph L. Lamoureux and Lieut. Emile Bordenave.

The delegates will convene on Sunday, Feb. 2, and the opening of the affair will be a solemn high mass in the French Catholic church of Manchester. This will be followed by a banquet and a business session in the evening. The convention will last three days.

The Lowell delegates are to do all in their power to have the next field day of the brigade held in Lowell next Labor day. Inasmuch as the Nashua guards also want it in their home city, this question will be one of the most important to be discussed. The annual election of officers will also take place.

COUNCILMEN SENTENCED

Atlantic City Grafters Get Prison Term

ATLANTIC CITY, N. J., Jan. 9.—Grafting councilmen of Atlantic City who conspired to pass the "concrete boardwalk" ordinance were sentenced yesterday by Supreme Court Justice Samuel Kaibach. John Marland's sentence was from eighteen months to three years in state prison and Harry Dougherty was sentenced to not less than one year nor more than five years. Both are to pay \$1000 fines and the costs of their trials. Appeals were taken and Marland and Dougherty were released in \$3000 bail each. But Griffin, Joseph Ford and Daniel Braxton, convicted gamblers, were each sentenced to not less than one year nor more than five in state prison and were fined \$1000. They also appealed.

Samuel Anthony and James Eber, who kept gambling houses frequented by the poorer class of gamblers, got thirty days each in the county jail. Other grafting councilmen who pleaded guilty will be sentenced on February 11. They include Samuel S. Phoebe, William Mallin, James W. Lane and Gustav Kessler.

GEO. CREPEAU

His Body Was Leading to V Formerly Liv

George Crepeau, aged 45 years and 8 months, died suddenly Tuesday afternoon, on his way back to his work, in the woods on the outskirts of Wilmington, where he was employed by a large lumber concern. Deceased was well known in Lowell, and his departure will be a keen blow to his many friends.

Mr. Crepeau left the camp on the outskirts of Wilmington to come to the latter place for food. When his companions saw that he did not return late in the afternoon, they made a search for him and found his body lying by

the roadside for some time. He was wearing a white shirt and trousers, and a white undershirt. Deceased was a native of Maine, and was married. He had two brothers, John, of Lowell, and Joseph, of Lowell. The body was removed to a sister of deceased.

SMITH AND WILSON MET

Conferred at Trenton, N. J., Yesterday

TRENTON, N. J., Jan. 9.—Senator Hoke Smith of Georgia conferred with President-elect Wilson at the state house yesterday on a variety of subjects affecting the new administration. Senator Smith arrived shortly after

noon and was to Senator Thomas P. Gore, another prominent figure in the campaign.

With these senators, Gore intended to canvass the situation with regard to the election of committees and the contest in Maine, New Hampshire and South Dakota, where election of democrats to the states is considered a possibility. It was announced that Senator O'Gorman of New York and Culbertson of Texas, two more members of the democratic campaign committee, had appointments with the president-elect for tomorrow.

CHASING MOTOR BANDITS

Ten Policemen Ordered to Use Rifles

CHICAGO, Jan. 9.—Ten policemen were selected from the best marksmen on the force last night, armed with long range rifles, placed in four taxicabs and instructed by Captain Halpin to scour the city in search of hold-up men of all descriptions. He especially warned them to be on the lookout for motor car bandits, but told them also to watch for perpetrators of petty robberies.

The captain's action followed his conviction that in the four men arrested Sunday and Monday he had only one of the automobile bandits. That one, he says, is Herbert Sauter, alias Caylith.

"If you meet motor bandits whose cars are speedier than yours," the captain told his men, "use your rifles. Do not be afraid to shoot."

One taxicab was sent to the north side, two to the west and the other to the south.

MISS HELEN GOULD
Her Wedding Expected to Take Place Next Week, But Date Has Not Been Announced

NEW YORK, Jan. 9.—The marriage of Miss Helen Gould to Philip Shepard of St. Louis is expected to be celebrated next week. It is stated that Miss Gould has fixed the date of the wedding and that invitations will be issued within a few days, but as these are to be confined to near relatives and friends and a home wedding is decided upon in preference to a church affair, the arrangements will be kept as private as possible. The wedding will be held at Miss Gould's country place of Irvington-on-the-Hudson, the place of holding it at her Fifth avenue residence having been abandoned because of the publicity that has attended the announcement of her engagement.

Heartburn, Gas, Dyspepsia and All Stomach Distress Ended With "Pape's Diapepsin."

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief. Its harmless action is certain unfailing action on regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble have made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorder is a revelation to those who try it.

LONG TERMS IN JAIL

For Several of the London Suffragettes

LONDON, Jan. 9.—Long sentences were passed today on two of the militant suffragettes, many of whom in recent months have engaged in a campaign of destruction of the mails. Mary Billingham and Louisa Gay, two of the first to be arrested in connection with these outrages were brought up for trial at the Old Bailey today and condemned to eight months' imprisonment each.

Mary Billingham, who is a cripple and has about an invalid's habits, has been imprisoned on several occasions in connection with the suffrage campaign. The evidence given today showed that letter boxes throughout the center and the West End had been damaged, together with their contents, by means of acids, sticky fluids of various kinds, varnish or ink, and in some cases inflammable materials such as rag soaked in lamp oil, had been inserted through the slits in the boxes. Many valuable documents had been destroyed in this way, including money orders, checks and banknotes.

Mrs. Cleveland at Washington
WASHINGTON, Jan. 9.—Mrs. Grover Cleveland and her fiancé, Prof. Thompson, of Princeton, N.J., who arrived here yesterday, were entertained at a dinner in their honor at the residence of Mr. and Mrs. John Hays Hammond to which the president and Mrs. Taft and a few other guests were invited. Miss Esther Cleveland is expected today and she and her mother will be the house guests of Mr. and Mrs. Hammond while here.

The president and Mrs. Taft will entertain Mrs. Cleveland and Prof. Thompson at a dinner at the White House Saturday night.

SUPT. HUGH J. MOLLOY

Tendered Reception by Teachers Last Night

Superintendent Hugh J. Molloy was given a reception in the high school hall last night by the public school teachers of this city. There was a large attendance to extend their greetings to Mr. Molloy and the affair was one of great pleasure to all.

SUPT. HUGH J. MOLLOY

Time ago and the committees made every arrangement for its success. The hall had been tastefully adorned with a variety of palms and plants and its appearance was rendered very attractive for this occasion.

There was a large table loaded down with tempting refreshments and during the evening excellent music was furnished by the Adams Family orchestra, a well-known instrumental organization of Cincinnati.

An entertainment consisting of a well arranged musical program was given: Miss Esther Greene rendered vocal selections with Miss Mary E. Kelly as accompanist. Miss Mary Caddell furnished a novel number with her pleasing whistling solos and her sister, Miss Caddell, played the accompaniment.

As guests of honor there were present Mrs. Hon. Mayor James E. O'Donnell, and Messrs. Farrington and Thompson and Dr. Hagley of the school committee and they delivered brief addresses in accordance with the occasion, welcoming Supt. Molloy. A large number of the high school teachers, together with the instructors in the other public schools, attended the reception.

Miss Agnes T. Bailey, of the social committee, and Miss Mary G. Stevens, of the program committee, of the Teachers' organization, had general charge, and Miss Bessie Hunkin and Miss Rosalie Burns, vice-presidents of the organization, assisted Mr. Molloy in receiving the guests.

WILL GO TO THE CHAIR

A. Gonzales Will Die for Wife Murder

WASHINGTON, Jan. 9.—Andrew Gonzales will be hanged here Jan. 17 for the murder of his wife despite the report of alienists that he shows symptoms of insanity. President Taft, after an exhaustive investigation, declined today to extend clemency to the condemned man, holding that his condition is not such now and was not such when he committed the crime as to exempt him from the responsibility for murder in the first degree.

The case created a puzzling question of ethics for officials—the propriety of hanging a probably insane man, although he may have been sane when the crime was committed. The murder was a brutal one, Gonzales cutting his wife's throat on the street as she was returning from an errand on which he had sent her while preparing to take her life.

BOWLING NEWS

The Pawtucket Blues won three points from the L. O. O. M. team in a game in the Moody Bridge League series last night. The winning team captured the first and second strings with comparative ease but fell by the wayside in the third, losing the latter by 29 pins. E. Mason of the winning team was high man.

The Draughtsmen and Office boys split even in a game played on the alleys last night the former taking the first string and total while the latter took the second and third strings. The scores:

How to get More Tobacco and Fresher Tobacco for the Same Money

The price you pay for granulated tobacco is more than the cost of the tobacco plus a fair profit, because it must include the cost of the package. You pay for the tin can or cloth bag either by giving more money for your smoke or receiving less tobacco at the same price.

Master Workman Plug Tobacco smokers get fresher, finer flavored, cooler smoking tobacco, because no artificial package can keep the natural flavor of the leaf as well as the old method of pressing the moisture and flavor into the tobacco, and keeping it there with Nature's own protection, a natural leaf wrapper.

You can prove this by buying a plug of Master Workman. Get it today. Cut off a fresh pipe-load and enjoy a real smoke.

A food sale, what party and entertainment were held at the Unitarian church parlors last evening and a large number of people attended, since it was the first social affair of the new year. The social was under the direction of Mrs. John Fenney and Mrs. Eben Prescott, assisted by Mrs. A. H. Sutherland and Mrs. William B. Carver. Mr. Percy Yarnold and Miss Michael Wall gave several pleasing solos during the evening. Whist was played for two hours, the winners being Mrs. Clara Craig and Walter Steel. After the whist light refreshments were served. The proceeds from the entertainment amounted to \$25, which was given to the church.

Office Page's Anniversary
Patrolman Alonzo J. Page finished out 43 years as a member of the police department and although the venerable city hall officer is well along in years he is very active and has an excellent record as an officer. Mr. Page was born in East Liverpool, Me., in 1832 and in April, 1860, came to this city and was appointed a member of the department on January 9, 1868. He entered the force as a supernumerary, and later became a regular officer. He has patrolled every section of the city with the exception of Little Canada, and for the past several years has been stationed at city hall.

CASTORIA

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Mansur Drug Co., of St. Paul, Minn., says: "We are not in the habit of recommending proprietary medicines, but we never hesitate to say a good word for Castoria. It is a medical success."

Hegeman & Co., of New York City, N. Y., say: "We can say for your Castoria that it is one of the best selling preparations in our stores. That is conclusive evidence that it is satisfactory to the users."

Myers-Dillon Drug Co., of Omaha, Nebr., says: "Your Castoria is one of the best sellers we have. We cheerfully recommend it to our trade voluntarily at all times, and will testify to its merits at any and all times."

Weber Drug Co., of Indianapolis, Ind., says: "Fletcher's Castoria is an article for which there is no substitute. It is undoubtedly one of the most popular articles on the market today and our customers for it are numbered by the hundreds."

Parrish & Bailey Pharmacy, of Los Angeles, Cal., says: "During an experience of over 20 years in the retail drug business we have never found a proprietary remedy that has had such a large sale or given such universal satisfaction as your Castoria."

Theo. Metcalf Co., of Boston, Mass., says: "We have handled Fletcher's Castoria for years and consider it one of the best preparations made. Our sales are continually increasing and everyone of our customers have nothing but praise for Fletcher's Castoria."

W. H. Chapman, of Montreal, Que., says: "I have sold Fletcher's Castoria for many years and have yet to hear of one word other than praise of its virtues. I look upon your preparation as one of the few so called patent medicines having merit and unhesitatingly recommend it as a safe household remedy."

As to Fire Hose

The following correspondence from the C. C. C. Fire Hose and Rubber Co. was read:

Honorable Members of Municipal Council, Gentlemen:

Considering that there has been considerable discussion by your body in regard to the proposed purchase of fire hose to be made by the city of Lowell, we are writing to ask if we may have an opportunity of having our representatives appear before your council to answer any questions that may arise at the time you are discussing this matter for final decision.

Our company has submitted a bid on your specifications for furnishing hose exactly according to the requirements as stated on an earlier meeting of your city council, and we sincerely hope that if given an opportunity of appearing before your council and explaining our proposition to you, we may be favored with your valued order for the hose.

Trusting that this may meet with your approval, we are,

Very truly yours,

The C. C. C. Fire Hose and Rubber Co.

NEW YORK BANKER IN CONTEMPT AT STOPPED WORK ON TWO

MONEY TRUST HEARING

Refused to Name Officials Who Profited by California Syndicate—Don F. Baker Star Witness Today

WASHINGTON, Jan. 9.—Because he refused to give to the house money trust committee the names of 24 national bank officers who profited in a syndicate formed to market stock of the California Petroleum Co., George G. Henry of Solomon & Co., New York bankers, was certified to the speaker of the house today for contempt. The full banking and currency committee voted unanimously for that action. Mr. Henry testified that national banks and national bank officers participated in a syndicate to the extent of \$1,033,000 and without putting up any money or taking over any stock took profits of about \$50,000. He maintained that his confidential relations with his customers would not allow him to furnish the names of the participants and presented a statement framed by former Senator John C. Spooner as counsel, justifying his refusal to answer. Speaker Clark will review the case to determine whether he will certify the record to the district attorney of the district of Columbia for criminal prosecution. The case threatens to involve the ultimate question of the money trust committee's authority to inquire into the affairs of the national banks which probably would be taken to the supreme court. Opinions on the subject among the government's legal experts in the department of justice differ. If the Henry case is fought out to a conclusion the committee's inquiry into the questions which it related may be locked pending a decision.

THE ARCHBALD IMPEACHMENT

Summing Up Evidence Defense Appealed to Conscience of Individual Senators

WASHINGTON, Jan. 9.—Summing up of the defense of Judge Robert Archbald of the impeachment court began today with a vigorous attack by Alexander Simpson, Jr., of Philadelphia against the legal grounds upon which the house managers were proceeding. Mr. Simpson declared the present case had been admitted that Judge Archbald was accused of violation of

BODY OF MISSING GIRL

Found by Boy Scouts at No. Providence

NORTH PROVIDENCE, R. I., Jan. 9.—After two days' search by the Boy Scouts searching and citizens the body of Miss Elsie Gill, 21, was found today in the Woonasquatucket river. Miss Gill disappeared from her home Tuesday morning after announcing that she was going out to get a "breath of air." It is believed by her relatives that she jumped into the river while her mind was temporarily deranged. She was known as a remarkable girl athlete and swimmer, but her mind was affected by striking her head against a rock while diving last summer.

FUNERALS

CREPEAU—The funeral of George Crepeau took place this morning from the home of his sisters, 204 Salem street, and was largely attended. A high mass of requiem was celebrated at St. Joseph's church at 8 o'clock. Rev. Aville Angot, O. M. I., officiating. He was assisted by Rev. Guillaume Ouellette, O. M. I., as deacon and Rev. Joseph M. Blais, O. M. I., as subdeacon. The choir was under the direction of Mr. Frank Gourdau, Mrs. Joseph A. Bernard presiding at the organ. The bearers were Homer L. P. Turcotte, Arthur Levesque, J. B. Poulton, Adolphe Delisle, Frank Richard and Fred Ducharme. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Charles Audibert, O. M. I. Funeral arrangements were in charge of Undertaker Amedee Archambault.

POIRIER—The funeral of Mrs. Aurelie Poirier took place this morning from her home in Willie avenue. High mass of requiem was celebrated at 8 o'clock at St. Joseph's church by Rev. Augustin Glaton, O. M. I. The choir was under the direction of Mr. Frank Gourdau, Mrs. Joseph A. Bernard presiding at the organ. The bearers were J. Blais, Edmond Carafel, Joseph Turcotte, Joseph Ducharme. The Third Order of St. Francis, of which deceased was a member, was represented by a delegation as well as was the St. Anne

EIGHTH COTTON REPORT

Of the Census Bureau Issued Today

WASHINGTON, Jan. 9.—The eighth cotton ginning report of the Census Bureau for the season, issued at 10 o'clock this morning, announced that 12,319,357 bales of cotton, counting round as half bales, of the growth of 1912, had been ginned prior to Wednesday, Jan. 1, to which date during the past seven years the ginning averaged 22.5 per cent of the entire crop. Last year to Jan. 1 there had been ginned 14,317,002 bales, or 22.1 per cent of the entire crop; in 1908 to that date, 12,465,295 bales, or 23.3 per cent, and in 1906 to that date, 11,741,032 bales, or 20.4 per cent.

BOSWORTH MUST DIE

MONTPELIER, Vt., Jan. 9.—Committal of the death sentence imposed on Arthur Bosworth for the murder of Miss Laballe was refused today by the house of representatives. Miss Laballe was killed at Essex Junction last April and Bosworth was sentenced to die on Jan. 24. The vote on Bosworth's petition was 21 to 13. At the trial the jury brought in a verdict of murder in the first degree and recommended hanging. The present legislature has changed the law so that capital punishment must be inflicted for the first degree murder.

Appropriation Exhausted Men Out of Work—Bids Wagon Shed Opened

On account of the appropriation being exhausted, work on the Kirk avenue and Dutton street sewers was stopped last Wednesday, and will not be resumed until a loan for that purpose has been made. Both jobs are nearly completed, but Supt. Putnam stated this morning that approximately \$2500 or \$2600 will be needed to finish the jobs. The proposition will be presented before the council at its meeting this afternoon. There were 35 men employed on both jobs, 24 on the Dutton street and 12 on the other. The regular sand shift of the street department was on duty bright and early this morning. There were 22 teams and about 50 men kept busy before the ringing of the mill bells, sanding the slippery sidewalks.

Bids Opened

The bids for the construction of an addition to the board of health stable at the city yard in Broadway, which will consist of a wagon shed to be constructed of wood and brick, were opened this morning in the lands and buildings department by Commissioner Cummings. There were five bids presented and before breaking the seals on the envelopes Commissioner Cum-

POLICE COURT CASES

Quickly Disposed of by Judge Enright

It took Judge Enright just 12 minutes this morning to dispose of the various cases which came before him in police court. There were no drunken offenders in the dock and in each case which was called the defendant entered a plea of guilty.

Violated City Ordinance

Krekor Gorgodan entered a plea of guilty to a complaint charging him with violating the city ordinance by allowing his horse and carriage to stand in Central st. for more than 20 minutes. A fine of \$2 was imposed.

Case Continued Again

The case of Michael Tsigourakos charged with assault with intent to kill but when the court was called for that complaint was unable to appear. The matter was continued until January 18, the defendant being held under \$2000 bonds for his appearance at that time.

Larceny Case Settled

Charles J. McCarthy was arrested yesterday on a warrant charging him with the larceny of \$20 in money from Richard Grant. John J. McClure, counsel for McCarthy, entered a plea of guilty to his client and stated to the court that McCarthy had been in the employ of Grant and had appropriated the sum of money named in the complaint but that Messrs. Grant and McCarthy had talked the matter over prior to the opening of court this morning and McCarthy was willing to allow McCarthy to make restitution. The court continued the matter for two weeks in order to give McCarthy an opportunity to make settlement with the complainant.

Withdrawn His Appeal

Thomas J. Corcoran who was sentenced to three months in jail for larceny yesterday and appealed, came into court this morning and withdrew his appeal.

AN ENJOYABLE WHIST

Another in Party Series for St. Columba's

One of the most successful whist parties in the series being held in aid of St. Columba's church, was given last evening in the rectory. Miss Mary Marley was in charge of the arrangements, and through her efforts, a very pleasant evening was enjoyed by the large number of people who attended. A first class entertainment was offered, consisting of songs by Miss Alice Taylor, and readings by Mrs. Belle Harrington Hall. The contributions of both ladies were very well received by an appreciative audience. Whist was played during the remainder of the evening. The ladies' prizes were awarded: First prize, Mrs. Patrick Brennan; second, Mrs. F. J. Farrell; third, Miss Mary Wholey. The gentlemen's prizes: First to Mr. Dan Gorman; second, Mr. Frederick Cummings; third, Mr. M. J. Curran.

Arrested by Inspector Maher Today

A stick key worker has been operating in the Armenian colony, in Charles street and vicinity, of late, and despite the efforts of the police they have been unable to locate the man until today, when Herbert Merrill, aged 23 years, was arrested by Lieut. Martin Maher and booked at the police station for breaking an entering and larceny. The police feel confident that in the arrest of Merrill the mystery surrounding the many breaks will be cleared up. A number of articles have been recovered, and it is alleged by the police that they can easily connect Merrill with the goods.

PROTESTS AT NATICK

Citizens Mad Over Raise
in Price of Tickets

NATICK, Jan. 9.—More than 600 residents attended a public meeting called at Congress hall last night to protest against the increase in commuters' tickets between Natick and Boston, and the proposed classification of the Natick postoffice as a station of the Boston postoffice.

The increase in the price of railroad tickets was discussed by Timothy F. Sullivan, William R. Bigelow, John W. McCarthy and Representative Naphen. Under the new rate, commuters must pay \$2.35 more than formerly for three months' tickets, while practically all the students of this town who formerly paid \$12 a quarter for tickets must pay \$22.55, the students' tickets having been previously done away with.

A decree of the gas and electric light commissioners on Oct. 23 last advised the reduction of the price of gas from \$1.75 per 1000 feet to \$1.50 per 1000 feet. The gas company, beginning Jan. 1, established a new rate of \$1.69 with a rebate of 10 cents per 1000 feet on bills paid before the 15th of the month.

Forrest N. Adams, George C. Fairbanks and Ralph V. Merrill criticized the gas company severely for disobeying the ruling of the commissioners. A motion was carried requesting Representative Naphen to introduce into the legislature a bill compelling its compliance with the order.

Postmaster Pulsifer stated that the carriers at the Natick postoffice had petitioned the department to make that office a station for Framingham or Boston, saying that this would mean an increase of \$100 a year in their salaries.

This petition was discussed by Letter Carrier A. B. Pierce, who gave the letter carriers' viewpoint, and by George C. Fairbanks, P. T. Sullivan, M. F. Kennedy, William R. Bigelow, R. V. Merrill and Lawrence N. Quirk. All opposed the change except Mr. Quirk, who made an attack upon all who opposed it.

A resolution was adopted to be filed with the postmaster general, expressing the opposition of the townspeople to the proposed change.

Y. M. C. A. STAR COURSE

Chicago Ladies' Orchestra Pleased Audience

The Chicago Ladies' orchestra was the attraction last evening at the First Universalist church, the occasion being the third of the Star course entertainments, which are under the direction of the Y. M. C. A. A large crowd attended and thoroughly enjoyed a very pleasing program.

In addition to classical music, including selections from grand opera, many popular songs were also played, and those from the "Spring Maid" were especially well received. The last number was a collection of favorite songs called "Songs We Love."

Miss Mary J. Lutz, the violinist, was the star of the evening, and her rendering of several of the more difficult movements from Lalo's "Symphonie Espagnole" was highly artistic, and showed that she is a performer of particular merit.

Miss Cora L. Cawthorn, the reader, had an important part in the entertainment, and her various offerings were very pleasing. Miss Frankie Creamer, the finest played Douchette's "Champion Polka" and Miss Ethel S. Deane sang the Scotch song, "My Lad."

Also gave a clever musical monologue. Mr. Louis O. Runner contributed several opera selections from well known operas, "Faust," "Hilf Trava," etc. One of the best ap-

dated numbers on the program was the playing of old songs by a brass quartet, consisting of two French horns, a cornet and a trombone.

The members of the orchestra are Mary J. Lutz, violin virtuoso; Bernice Chambers, first violin; Frankie Creamer, cornet; Hazel M. Goff, cornet; Mabel Crooks, bass; Ethel S. Deane, piano and drums; Cora L. Cawthorn, reader and drums; and Louis O. Runner, trombone.

The next entertainment in the series will be held on Wednesday, February 13, and will be a lecture given by Hon.

Frank J. Cannon, a former senator from Utah, who will speak on the "Modern Mormon Kingdom."

Historical Writer Dead

CONCORD, N. H., Jan. 9.—Joseph B. Walker, a well known historical writer and former chairman of the state board of agriculture and forestry, died at his home here last night. He was born in Concord in 1822 and was the oldest graduate of Phillips-Exeter academy. He was graduated from Yale in 1844.

SHOT HIS HEAD OFF

Henry Storey a Suicide
at Forge Village

Henry Storey, aged 55 years and carpenter by occupation, committed suicide by shooting off the top of his head at his home in Forge Village yesterday morning. He died an hour after the shooting.

Storey had been despondent for some time past and yesterday morning before dressing himself took his shotgun, pulled the trigger with his foot and blew off a portion of one side of his head. Mrs. Peter, his housekeeper, and a milkman were in the house at the time and upon hearing the shot rushed into Storey's room and found him in a dying condition.

Dr. C. A. Baney of Westford and Dr. Wm. H. Sherman of Granville were summoned but upon arriving at the house found it was impossible to save the man's life.

Storey is survived by two children, a son and daughter, who lived in Hudson. His half brother, Richard F. Prescott, resides in Forge Village. Storey bought the house, in which he has been living, some time ago and had just completed repairs and improvements and the property was in excellent shape. His melancholia had been noticed, however, and his suicide is undoubtedly a result of this condition of mind. Medical Examiner Frank S. Bulkley of Ayer viewed the body and pronounced the death due to suicide by shooting.

HELD ANNUAL MEETING

Reports Read and Officers Elected at Yearly Convention of First Congregational Society Last Night

The annual meeting of the First Congregational society took place last night in the basement of the church and as usual the principal business was the reading of the reports of the various departments and the election of officers.

Justin H. Kimball was chosen moderator and Andrew Liddell was re-elected to the office of clerk and treasurer. The prudential committee was chosen as follows: Leonard H. Hardie, Joseph W. Griffin, Charles O. Hall, Charles A. Norton and John L. Russell.

The report of the treasurer showed that the receipts of the past year were \$30,010, and the expenditures were \$27,833. The church debt was reduced \$1100 during the year. The sum of \$4500 was allowed for the church expenses and salary for the coming year, and the outlook is bright and hopeful.

MYSTERY IS CLEARED

Mrs. Donovan Died of
Epileptic Fit

BOSTON, Jan. 9.—The report of Dr. William F. Whitney of Haverhill that the death of Mrs. Mildred Donovan was due to natural causes, and the asphyxiation to stagnation of blood in the vocal cords while the woman was probably insensible from an epileptic attack, practically clears up the mystery which surrounded the case.

There remains alone the possible theory that the companion, Mrs. Donovan, New Year's eve, might have struck her in the face, causing the flow of blood which resulted in strangulation.

Story of the Central Bridge Over the Merrimack River and Its Destruction by Fire and Rebuilding

VIEW OF THE CENTRAL BRIDGE OVER THE MERRIMACK RIVER

The following is a story of the Central bridge, spanning the Merrimack river in Bridge street, as printed in an old history on the town of Dracut: "Old Ferry lane in Dracut, led to Hunt's ferry, afterwards called Bradley's ferry, which was one of the means of crossing the Merrimack river at the place where Central bridge was afterwards built, and is still maintained. Hunt's ferry was in later years owned by Joseph Bradley, which fact gave it the name of Bradley's ferry. Nehemiah Bradley, a brother of Joseph, who kept a shop where he made and repaired boots and shoes, on the Dracut side of the river, attended to the ferry. The ferry-boat was kept on the Dracut side and when people from the Chelmsford (now Lowell) side wished to cross, it was their custom to blow a horn, or attract the ferryman, by calling.

As East Chelmsford increased her manufacturing and other business establishments the land on the Dracut side of the river, near the ferry, became available for building purposes, and better facilities for crossing the river were required. Several business enterprises had been established as early as 1820, among them Howe's Plannel mill, and the powder mills of Oliver M. Whipple, on the Concord river. A line of stages was established from East Chelmsford to Boston, in 1823, and the Merrimack Mfg. Co. on the 5th of February, of the same year, with a capital of \$600,000.

Travel had increased to such an extent that the old method of crossing the Merrimack by ferry boat must give place to something better. Consequently, on Feb. 24, 1825, the legislature of Massachusetts passed an act making Joseph Bradley, Benjamin F. Varnum, Ezekiel Cheever, Abiah Fox, Ezekiel Fox, Peter Hasleton and others, a body corporate as the Central Bridge corporation. The bridge was purchased by the new corporation and the bridge was so far completed during this and the following season that tolls corresponding to those at Pawtucket bridge were collected before the close of the year 1826. The original cost of the bridge was about \$21,000. The bridge was rebuilt in 1854, and covered in 1859. The cost of rebuilding was \$2000 and of covering \$3000.

Lowell was incorporated during the building of this bridge, March 1, 1826. After the work of building the bridge was nearly completed, the following account of it appeared in the Merrimack Journal, under date of Dec. 15, 1826:

"The Central bridge now erecting across the Merrimack at this place, is so nearly completed as to be passable. It is built on the principle of the bridge and the arch is 500 feet in length, and stands on the abutments and two piers. The span of the centre is 150 feet; and the two outer arches, 160 feet each. The travel way is divided into two parts, with the walks on each side.

The timbers are all secured from water. The work appears to have been judiciously planned by the architect, Lyke S. Rand, Esq., and handsomely executed under his direction. The expense of erecting it will probably amount to \$10,000, but the rapid growth of this place warrants the conclusion that the enterprising proprietors will find it a profitable investment of capital. Two stage coaches cross it daily already, one to Haverhill and Dover, and one to Londonderry."

In 1852 the bridge was laid out as a public highway by the city council of Lowell, and damages of one dollar awarded. The bridge corporation made a firm and resolute resistance, and the result was an expensive law suit of some seven years duration. At last a verdict was rendered

by consent, in 1862, of \$33,958.51 for the bridge company, which included interest and cost of suit. Dracut paid of this sum \$7855, and Lowell the remainder. During the various trials, counsel for the city were A. P. Bonney, T. H. Sweetser and B. F. Butler; for the bridge company, Rufus Choate, Daniel S. Richardson, J. G. Abbott and Benjamin Dean. The bridge was again rebuilt in 1862, at an expense of \$33,513.33, and this bridge was burned Aug. 5, 1882. It has been replaced by a fine bridge, the superstructure of which is iron, built by the Morse Bridge Co. of Youngstown, Ohio, for the sum of \$1,530. This with the piers, abutments, etc., built by W. H. Ward of Lowell for \$30,070, amounts to \$115,599. It is estimated that, with incidentals, the whole expense was not far from \$115,000.

FRANK CHANCE SIGNS CONTRACT

To Play With Highlanders at Salary of \$25,000—Pay of Eight Men is \$100,000 a Year

NEW YORK, Jan. 9.—Now that Frank Chance has been signed by the Highlanders at a reported salary of \$25,000 this record brings the total pay of eight prominent baseball managers up to \$100,000 a year, according to figures published here today. While a salary of \$5000 was a rarity 10 or 15 years ago today there are at least eight managers supposed to be drawing

a salary of \$10,000 or over. The list, headed by Chance also includes McGraw of the Giants at \$18,000, Naps of the Athletics and Jennings of the Tigers at \$15,000, Clark of the Pirates at \$12,000, Stahl of the Red Sox, Tinker of Cincinnati and Griffith of Washington, \$10,000.

In addition to this, Mack, Stahl and Griffiths each own stock in their clubs.

McFARLAND.—The funeral of the late Mrs. Margaret McFarland will take place Friday morning at 9 o'clock from the home of her nephew, J. Henry Dunham, 235 Stackpole street. A high mass of requiem will be celebrated in the Immaculate Conception church at 10 o'clock. Interment in St. Patrick's cemetery. Undertakers J. F. O'Donnell and Sons in charge.

GRiffin.—The funeral of the late Mrs. Isabelle Griffin will take place Saturday morning at 9 o'clock from her home, 227 Lincoln street. Funeral mass of requiem will be celebrated in the Sacred Heart church at 9 o'clock. Burial in St. Patrick's cemetery. Undertakers J. F. O'Donnell and Sons in charge.

BRAYOS.—The funeral of Nicholas Brayos took place yesterday afternoon from the chapel of J. F. O'Donnell & Sons. The funeral services were held at Holy Trinity Greek Orthodox church, Rev. C. J. Demetri officiating. He was one of the pioneer Greek residents of Lowell, arriving in this city from his native land over 20 years ago. He leaves a wife and four children. The burial was in the Edison cemetery in charge of Undertakers J. F. O'Donnell & Sons.

CLOUGH.—The funeral of Mrs. Mary A. Clough was held Tuesday afternoon at the Edison cemetery chapel and was largely attended by relatives and friends of the deceased. Rev. A. C. Ferrin conducted the services. The bearers were John W. and Joseph Clough, Thomas Davies and William Benson. The floral tributes included a wreath from the family; sheaf of wheat, Mr. and Mrs. Davies; sprays, Mrs. Davis and Mrs. Benson and family. Burial was in the Edison cemetery.

McFARLAND.—Mrs. Margaret McFarland, wife of Felix McFarland of Pittsfield, died suddenly after a few days' illness, at the home of her nephew, J. Henry Dunham, 235 Stackpole street, where she had been visiting. Deceased was a sister of the late Mrs. Hermann Dunham, and a former resident of this city, where she had many friends. She has lived in Pittsfield for the past 12 years, and was well known and highly respected there. She was prominently connected with the ladies auxiliary of the A. O. U.

McMAHON.—Mrs. Mary McMahon died last night at her home, 5 Cross street avenue. She leaves a husband, John P., a sister, Mrs. Patrick Brady of this city; and a mother and sister in Ireland. She was an old and highly respected resident of St. Patrick's parish.

To Destroy Counterfeit Money

WASHINGTON, Jan. 9.—United States secret service officials began preparations today to destroy a great store of counterfeit money, representing thousands of dollars in spurious money, which had been seized during the past two years. Initiations of coins and currency are in the unique collection. Periodically the secret service destroys its accumulations of counterfeit money, saving only such as

are needed for evidence in court and those which are remarkable in their production.

Board of Trade
as Opposed to
Tinkering

The Lowell Board of Trade has attended several meetings of the state committee and, with George H. Taylor, has been authorized to attend the final meeting to be held in Boston, Thursday, Jan. 9th. While the public health committee of last year devoted a great deal of time in preparing a law for Lowell it was thought best to wait until the state law was prepared and passed before urging the local municipal council to accept the prepared bill which is modeled after the Lawrence Veller of the Russell Sage foundation.

"The law, as proposed by the state committee and which will be presented to the legislature for enactment, will be considered by the executive and public health committees."

There was considerable discussion relative to the trolley express matter by the directors, and among those who spoke were Mr. Foster of the Lowell Board of Trade, Daniel F. Carroll, Patrick O'Hearn and others.

The municipal affairs committee submitted the following interesting report:

"In order that the people of the city and especially those driving vehicles may become better informed of the recent enacted traffic regulations, the committee would suggest that a communication be sent the municipal council requesting that printed copies of the regulations be supplied to all livery stables, garages and owners of transfer and express companies, and that the police department, especially in the business district, be supplied with copies for distribution. It is further suggested that a copy of the regulations be posted in all garages and livery stables."

"In order that visitors to the city may be informed that traffic laws are in force it is suggested that posts bearing signs reading to the effect that traffic regulations are in force in Lowell be erected upon the roads leading into the city and also suitable signs be erected to the business district as a caution to non-residents of the city."

"The committee desires to acknowledge the valuable work accomplished by police officers in the business district and the supervision of the mayor."

"While the committee has no definite knowledge except what it has received from the newspapers it would recommend that the directors go on record as opposed to any legislation changing the present city charter at this time, and it would further recommend that the legislative committee appear at the state house in opposition to any such legislation."

The committee has discussed at considerable length the lighting system of the city, as proposed by the new contract, and has authorized the secretary to make a study of conditions in other Massachusetts cities and will render a report later. The committee looks with favor on the idea of providing the city with an ornamental street lighting system.

The Patterson Rubber company applied for membership in the board and was elected.

COUNT STEPHEN'S DUELS

Hungarian Parliamentarian Wounded His Man

BUDAPEST, Jan. 8.—Count Stephen Tizza, president of the lower house of the Hungarian parliament, fought another duel yesterday and succeeded in wounding his man. Count Tizza's opponent was Count Aladar Szechenyi. The weapons were sabres and Count Szechenyi was wounded in the head. The duel arose out of a declaration made in writing by Count Szechenyi that it was through an error that he recently acknowledged Count Tizza's salute. The latter promptly sent a challenge.

On Jan. 2 Count Tizza and Count Michael Karolyi, a prominent member of the opposition, fought a duel with sabres, the latter being very severely wounded. A third duel is scheduled for today between the president of the lower house and Count Aladar Zichy, an opposition deputy; while Deputy Polonyi, whom Count Tizza said he would not recognize in the street, sent a challenge to Count Tizza yesterday.

Cold Wave Reaches Mexico
EL PASO, Tex., Jan. 8.—The cold wave over the southwest has extended far into northern Mexico. Much suffering among the natives unused to cold is reported not only in Mexican border states but along the American side of the border.

THREE STATES FLOODED

And Many Towns Are in Danger

PITTSBURGH, Pa., Jan. 8.—Portions of western Pennsylvania, Ohio and West Virginia were facing a serious flood situation last night, owing to a steady and rapid rise of the various rivers and small streams. A wide area of low land is under water. Hundreds of persons have been driven from their homes, many buildings are partly flooded, a number of transportation companies are crippled and several thousand men employed by industries in the flood zone have been thrown out of work.

A stage of 23 feet was registered here last night at the headwaters of the Ohio river. Flood water continued to flow into the Ohio from both the Allegheny and Monongahela rivers and the Ohio was rising at the rate of six inches an hour.

A stage of 32 feet, 10 feet above the danger mark, is expected here.

Elected Officers
The regular meeting of the Association of western Pennsylvania, Ohio and West Virginia was held last night in C. M. A. C. hall. The feature of the evening was the election of officers for the ensuing year, with the following result: President Miss P. DeLanger; vice president, Miss E. Holsinger; financial secretary, Mrs. Anna DeLamoth; treasurer, Miss A. Goupils; recording secretary, Miss Rosanna Gannon; trustee, Miss J. Busch; son, Miss Philomena Demers; and medical examiner, Dr. C. H. Hoy. Considerable routine business was also transacted. Mrs. Charles Holsinger presided over the meeting.

The installation will be held on Wednesday, Jan. 22, and will be followed by a social evening.

Letter Carriers Overworked
NEW YORK, Jan. 8.—Upon the letter carriers fell the duty of delivering 18,755 of the 26,254 packages consigned to New York addresses during the first week of the operation of the parcel post, according to a report issued yesterday by Postmaster Morgan. Wagon delivery service took care of the rest. The report states that 316,765 packages were handled at the main and branch offices in the city. Of this number 16,435 packages were received from out of town and 315 were for local delivery.

This report does not cover Brooklyn and two other boroughs of the greater city.

Invalid Men and Women

I will give you FREE a sample of Dr. Pierce's Pleasant Pellets that have brought health and happiness to thousands—also a book on any chronic disease requested.

During many years of practice I have used numerous combinations of curative medicines for liver ills. I have kept a record of the result in case after case, so that my staff of physicians and surgeons, at the Invalids' Hotel, Buffalo, N. Y., are able to diagnose and treat cases at a distance with uniform good results.

But for the permanent relief of blood disorders and impurities, I can recommend my "Golden Medical Discovery," a blood medicine without alcohol or other injurious ingredients.

R. V. PIERCE, M.D., Buffalo, N. Y.

Nature's Way Is The Best

Buried deep in our American forest we find bloodroot, queen's root, mandrake and stone root, golden seal, Oregon grape root and cherry bark. Of these Dr. R. V. Pierce made a pure glyceric extract which has been favorably known for over forty years. He called it "GOLDEN MEDICAL DISCOVERY." This "Discovery" purifies the blood and tones up the stomach and the entire system in Nature's own way. It's just the tissue builder and tonic you require.

Dr. Pierce's Golden Medical Discovery has the endorsement of many thousands that it has cured them of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

"In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the 'Golden Medical Discovery' is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The 'Discovery' is not so good for acute coughs arising from sudden colds, nor must it be

expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken."

Sold in tablet or liquid form by all principal dealers in medicines, or send fifty one-cent stamps for trial package of tablets.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine—revised and up-to-date book of 1,003 pages. Cloth-bound, sent postpaid on receipt of 31 cents in one-cent stamps to pay cost of wrapping and mailing only. Address: Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

DUCHESS OF CONNAUGHT

In Dangerous Condition at Montreal Hospital

MONTREAL, Jan. 8.—The duchess of Connaught, wife of the governor general of Canada, who, according to an official bulletin yesterday afternoon, has suffered a recurrence of peritonitis, was brought here from Ottawa on a special train last night and taken to the Royal Victoria hospital. The following bulletin was issued from the hospital at 11:30 o'clock:

"Her royal highness, the duchess of Connaught, has stood the journey from Ottawa pretty well, and is now resting as comfortably as could be expected."

(Signed) "E. L. Worthington."

BOSTON DEATH RATE

The Lowest in History of the City

BOSTON, Jan. 8.—Boston's death rate for 1912 was the lowest in the history of the city, according to Dr. W. H. Davis of the board of health, who made public his figures yesterday. There were 11,624 deaths or a rate of 16.16 per thousand, as against 11,767 deaths last year. More people died from heart disease than from anything else, according to the statistics with 1600 deaths as compared with 1593 from tuberculosis.

For Woman Suffrage
LANSING, Mich., Jan. 8.—In the lower house of the legislature yesterday, Representative Flowers of Detroit introduced a resolution providing for re-submission to the voters at the spring elections in April next, of the constitutional amendment giving women the right of suffrage.

The amendment was defeated last November by a few hundred votes.

Change in Stock Exchange
NEW YORK, Jan. 8.—Governors of the N. Y. stock exchange yesterday amended the constitution of the exchange so as to make the nominating committee self-perpetuating to a less degree than it has been in the past. The amendment to the constitution does not become effective until January of next year. Officials of the exchange assert that the change is in no way connected with "reform" measures now under consideration.

Centralville Social Club
The regular meeting of the Centralville Social club last night was largely attended and considerable business was transacted. The new board of officers was ushered into office, the installing officer being Alphonse Duhamel, who was assisted by Hildego Duhamel. The officers installed were: President, Joseph Ellis; vice president, Edouard Peloguin; recording secretary, Omer Duhamel; financial secretary, Fred Luchier; treasurer, Adolphe Bouchard; directors, Arsene Trudel, Pierre Brousseau, Emond Traversy and Godfroi Caron.

Refreshments were served and a varied entertainment program was given.

No Fears for the Panther
WASHINGTON, Jan. 8.—Navy department officials said yesterday that no apprehension is felt for the safety of the repair ship Panther, which left New York last Thursday for Guantanamo, Cuba, in which port she was due last night or today. Officials strenuously denied reports that the vessels of the Atlantic fleet now en route to the winter drill grounds off Guantanamo have been instructed to try to pick up the Panther by wireless. The added that no fear would be felt should the craft fail to reach Guantanamo for a day or two. With the Panther is the tug Sonoma.

Want to Issue Bonds
ALBANY, N. Y., Jan. 8.—The Central New England Railway company has filed an application with the public service commission for authority to issue \$2,428,000 of four per cent bonds under a \$25,000,000 mortgage recently authorized by the commission.

THE TAXING OF FOOD PRODUCTS

Repudiated by British Unionists—Bonar Law May be Retained as Leader

LONDON, Jan. 8.—Tariff reform, so far as it involves the taxing of food, is on the eve of final disappearance as a plank in the Unionist policy. A representative meeting of Unionists was held in the house of commons yesterday with the object of deciding, if possible, the discussions in the Unionist party created by the recent proposal to impose taxes on food imported into the British Isles and restoring the unity of the party.

A memorial was drafted and addressed to Andrew Bonar Law, leader of the opposition in the house of commons, advocating the policy of abandoning the food taxes at the next general election and urging that if the Unionists were returned to power they should call a conference of the colonies to decide how imperial preference should be established.

The memorial also sets forth that if the plan adopted by the colonies should involve the taxing of food no action should be taken until the country had again been consulted by referendum or by a general election.

Subject to these conditions, the memorial expresses unwavering loyalty to Bonar Law's leadership.

According to some of the Unionist papers Austin Chamberlain and other advocates of the food tax have agreed to the memorial which is expected to receive almost universal support and it appears to be the belief that Bonar Law will consent to retain the leadership of the party on the conditions thus imposed upon him, for the sake of restoring unity.

If this policy is adopted, however, it means that tariff reform no longer is a matter of practical politics, because it could not be introduced into parliament until after two general elections. The Morning Post, which represents the extreme tariff reformers, expresses the opinion that Mr. Bonar Law and Lord Lansdowne would rather resign than accept the memorial and says: "This is not merely a crisis but disaster. If Mr. Law and Lord Lansdowne should resign, no body on the front bench could with honor or dignity accept the position of leader, and the party would be smashed to atoms."

The Post further appeals to the Unionists not to abandon the food taxes, because that would throw Canada back upon the United States.

United Irish League
At a meeting of the local branch of the United Irish League held last evening the following delegation was elected to represent the United Irish League at the coming St. Patrick's day convention: James J. Coleman, Denis Beauslin, Martin Homan, Denis McDowell, Michael Welsh, Patrick Donnelly, William Hickey.

A Coffee Cup

Contains OVER 2½ GRAINS OF CAFFEINE

Physicians recognize this drug to be of poisonous effect upon stomach, heart and nerves. Scientists employed by the U. S. Government found, in the famous Rabbit Case, that an amount of caffeine equivalent to that contained in two average cups of coffee killed a Rabbit.

What wonder then, if you are a coffee-drinker, that you suffer from indigestion, heart disturbance, headache and biliousness, sleeplessness, or nerve irritation?

Multiply 2 1-2 grains of caffeine by the number of cups of coffee you drink each day and you will determine the amount of poison you give yourself daily.

Eminent physicians are protesting against the present use of coffee. (Your family doctor can vouch for this.)

The aches and ills of your own body also protest when the burden becomes too heavy. Doesn't your own common sense suggest that you quit coffee now?

THE NEW FOOD-DRINK,

Instant Postum

OFFERS THE EASY WAY

This charming table beverage furnishes a hot drink of remarkable palatability. It has a rich seal brown color which changes to golden brown when cream is added. Tasting much like high-grade Java, it makes the ideal cup for those who want to get away from coffee troubles.

INSTANT POSTUM REQUIRES NO BOILING.

It is made "quick as a wink" by pouring hot water upon a level teaspoonful of the powder in a cup and stirring until dissolved. Add sugar and cream to taste and you have a very fascinating beverage.

Grocers sell Instant Postum, 90 to 100-cup tins, 50c; 45 to 50-cup tins, 30c.

THE LUMBER TRUST ENJOINED

On Petition of Government That
Eastern States Retail Asso. is
in Restraint of Trade

NEW YORK, Jan. 9.—The government's petition for a permanent injunction against the Eastern States Retail Lumber Dealers association, alleged to be a combination in restraint of trade, was granted today by Judge Lacombe, Cox, Ward and Noyes, sitting in the federal district court. Final arguments for and against the injunction were heard a few weeks ago.

The defendants include beside the association named, the New York Lumber Trade association, the Building Material Men's association, the New Jersey Lumbermen's Protective association, the Lumber Dealers' association of Connecticut, the Massachusetts

Lumber Dealers association, the Lumber Dealers association of Rhode Island, the Retail Lumbermen's association of Baltimore, the Lumber Men's exchange of the District of Columbia and their officers, directors and members.

In the government's petition, filed May 18, 1911, it was alleged that the defendants were engaged in a conspiracy in restraint of interstate trade and commerce and operated through the instrumentality of blacklists the imposition of fines and expulsion from membership in the combine of "scalpers" and "scalpers" and by means of trade agreements arbitrarily fixed prices for the sale of lumber and lumber products.

The petition explained that the blacklists were known to the members of the combination as the "official reports" and that "scalpers" were retailers who extended their operations to territory which under the trade agreements should be supplied by another lumber yard and that "scalpers" were retailers who carried on their business to the detriment of wholesalers.

In the petition the government included itself as a consumer of furniture and asked that the defendants be perpetually enjoined from making any contract or combination in furtherance of the conspiracy complained of in any of the states or territories or district of Columbia.

By today's decision this is granted.

HARRY LAUDER AT THE OPERA HOUSE FRIDAY AFTERNOON

HOPE NOT YET ABANDONED

By Those Who Look to Peace
Conference for Settlement
of Eastern War

LONDON, Jan. 9.—The progress toward a resumption of the peace negotiations between the Balkan allies and the Turkish empire is slow. It may, however, be accelerated after today's meeting at the foreign office of the European ambassadors, who are expected to agree on united action which they hope may put an end to the deadlock in the event that intervention should become necessary.

The delegates in the meantime are consulting in separate groups, but neither side appears anxious to convene another meeting of the conference until Turkey is ready to make proposals which promise a basis for fruitful discussion.

Dr. Dayoff, the chief Bulgarian peace plenipotentiary, today received cipher messages from the Bulgarian capital which represented conditions in Adri-

nople as appalling and the fall of the city as imminent.

Dr. Danell conferred with Pasha LONDON, Jan. 9.—The "Daily Telegraph" understands that Dr. Danell, the chief Hungarian envoy, had a private meeting with Rehad Pasha, head of the Turkish delegation yesterday, which is likely to pave the way to a more formal reestablishment of relations between the peace delegates.

The Morning Post learns that the Turkish delegates have received instructions from Constantinople which will probably result in the resumption of the sittings of the peace conference. The Constantinople correspondent of the Chronicle gives an interview with Kiamil Pasha, the grand vizier, in which Kiamil admits that the Turkish

ST. MICHAEL'S CHURCH

Parishioners Planning for the Coming Annual Session Soon to be Held—Committees Are Chosen

A meeting of the parishioners interested in the coming reunion of St. Michael's church was held the other evening and officers were elected to take charge of the event. Mr. John

Hayland was appointed chairman of the entire committee, and Mr. James Mullin, secretary. Mrs. Bernard Callahan is to direct the ice cream table, which will be in charge of the Married Ladies' sodality; Miss Margaret McCluskey will direct the candy table for the Young Ladies' sodality; and Mr. Alexander Bryan will represent the Young Men's sodality at the tonic table. Mr. Edward Heilly was made chairman of the entertainment committee, the other members of which are Messrs. Martin Cordingley and Frank Reddy, and the Misses Mary Furlong, Katherine Gallagher and Annie Bradley. On next Tuesday evening at 8 o'clock, the next meeting will be held to make further arrangements for the reunion.

THE STATE BOILER INSPECTOR

Commends Work of Industrial and Technical Schools as Great Aid to Young Men

This was a record day in the office of the state boiler inspector when nearly 20 applicants presented themselves to be examined to qualify for licenses of first and second and third class engineers and firemen. The tests were conducted by Inspectors Edward Moran and Edward Mores, both Lowell men, and Mr. Spoksgund of Boston.

During the holiday season, few candidates appeared at the office to be tried as to their qualifications and dullness was the chief characteristic of the routine there. Now, however, there has begun a grand rush for licenses from all the cities within this district and the officials have all that they can comfortably attend to.

The first applicant appeared early this morning, soon after the office opened and at the time of a. S. reporter's visit, was busily engaged in demonstrating his ability as engineer on the apparatus which is erected in the headquarters for this purpose. The examinations are both theoretical and practical; that is the examinee is questioned, first the applicant orally as to his knowledge of the essentials of the work and then he is required to operate the engine while they look on. Usually the number of those who are successful is greater than that of those who fail.

Importance of Industrial Schools

Mr. Moran said this morning that he finds as a general rule that the men best fitted for these positions are those who have received training in the state or local industrial schools where these branches are emphasized. The importance of these institutions, he said, cannot be over-estimated in this regard, for in almost every case the men who have received their training under the direction of the instructors of the schools receive the highest standing in the examinations.

Good Wages Paid Licensed Men

The majority of the applicants desire a license to qualify them for the positions of firemen or third class engineers for by starting at the bottom they gain valuable experience before they are enabled to successfully pass the tests for the licenses of first and second class engineers which are more advanced and command higher wages. The wiser men gain their start in this manner, Mr. Moran said, for it is impossible for them to take charge of a plant and direct the

work of others if they do not know how to perform these duties themselves. The amount which these positions pay varies from \$15 to \$30 per week and in not a few cases, the men who fill them command salaries as high as \$35 and \$40 per week. The latter wages, of course, are paid to the older and more experienced men.

Among the applicants who underwent the tests today were several from

EDWARD MORAN, State Boiler Inspector

Lawrence, and other places surrounding Lowell. Having received their licenses, they in most cases return to a position in the cities from which they came, but a large portion of them find employment in the local manufacturing plants. Mr. Moran stated that the number who appeared today was the largest that had been examined at

the state inspector's office in any one day in a long while.

Factory Inspectors Busy

The factory inspectors of this district, Mr. J. J. Carey and Miss Mary Haller, are also being kept extremely busy in the performance of the duties which are their. This is a lively time of the year for them also. It is their policy to keep a close watch over the affairs which are in their charge and rather forestall the complaints than attend to them after they have been sent in.

CROCKERY SCHEDULES

Were Considered by the Tariff Committee

WASHINGTON, Jan. 2.—The earth, earthenware and glass schedules of the Payne tariff were up today again before the house tariff committee on ways and means. About 20 witnesses were scheduled to voice their views regarding what the next congress should do with pottery, marble and stone, retort earthenware, window glass, bottles and other things. Among the witnesses on the program were Jerome Jones of Boston as a spokesman for the pottery industry, Percy H. Wilson of Philadelphia, secretary of the American Pottery and Ceramic Co. and William Dodd of Zanesville, O., for the National Association of Granite Dealers.

B. & O. to Issue Bonds

NEW YORK, Jan. 2.—Announcement was made that the Baltimore & Ohio railroad Co. has decided to create an issue of about \$1,000,000 four and a half per cent, 20-year convertible gold bonds convertible for ten years into common stock at \$100 a share. The bonds are to be offered to preferred and common shareholders pro rata to the extent of 30 per cent. of their holdings at 95 1/2.

Negro Letter Thief

CHICAGO, Jan. 2.—William W. Winkfield, the negro messenger who is said to have taken the famous "Arch-bald letters" from the Standard Oil Co. files in New York and sold them, was found in Chicago last night after a nation-wide search of several months. Winkfield was found in a room in a down-town building by a United States deputy marshal and served with a subpoena to testify before the senate committee on privileges and elections. He is wanted by the senate committee to tell how the letters which contain the names of many men prominent in politics disappeared from the files.

Bill for Huge Jetty Across the Grand Banks of New Found-land to Shut Them Off

NEW YORK, Jan. 8.—A plan for abolishing icebergs is to be laid before congress. The New York board of trade and transportation announces its endorsement of a bill which Congressman Calder of Brooklyn will submit at Washington, calling for a government commission to study the feasibility of constructing a huge jetty across the Grand Banks of New Foundland.

The idea, which the members of the board were at first inclined to jett, but later adopted, was explained by its originator, C. J. Calder, a Brooklyn engineer. He said he would obstruct the Labrador current by laying a steel cable, ten inches in diameter, across the Grand Banks, where the ocean bed is a level plateau, against which the cur-

Hearburn, Gas, Dyspepsia and All Stomach Distress Ended With "Pape's Diapepsin."

You don't want a slow remedy when your stomach is bad or an uncertain one—or a harmful one—your stomach is too valuable, you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unailing action on regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble have made it famous the world over.

Keep this perfect stomach doctor in your home. It is a handy-kept large fifty-cent case from any drug store, and then if anyone should eat something which doesn't agree with them; if what they eat forms like lead, ferments and sours and causes gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorder is a revelation to those who try it.

Tendered Reception by Teachers Last Night

Superintendent Hugh J. Molloy was given a reception in the high school hall last night by the public school teachers of this city. There was a large attendance to extend their greetings to Mr. Molloy and the affair was one of great pleasure to all.

This reception was planned some

SUPT. HUGH J. MOLLOY

time ago and the committees made every arrangement for its success. The hall had been tastefully adorned with a variety of palms and plants and its appearance was rendered very attractive for this occasion.

There was a large table loaded down with tempting refreshments and during the evening excellent music was furnished by the Adams Family orchestra, a well-known instrumental organization of Chelmsford. An entertainment consisting of a well arranged musical program was given: Miss Esther Greeno rendered vocal selections with Miss Mary E. Kelly as accompanist. Miss Mary Caddell furnished a novel number with her pleasing whistling solos and her sister, Miss Caddell, played the accompaniment.

As guests of honor there were present His Honor, Mayor James E. O'Donnell, and Messrs. Farrington and Thompson and Dr. Bagley of the school committee and they delivered brief addresses in accordance with the occasion, welcoming Supt. Molloy. A large number of the high school teachers, together with the instructors in the other public schools, attended the reception. Miss Agnes T. Dalley, of the social committee, and Miss Mary G. Stevens, of the program committee, of the Teachers' organization, had general charge, and Miss Bessie Hunter and Miss Rosalie Burns, vice-presidents of the organization, assisted Mr. Molloy in receiving the guests.

CHASING MOTOR BANDITS

Ten Policemen Ordered to Use Rifles

CHICAGO, Jan. 8.—Ten policemen were selected from the best marksmen on the force last night, armed with long range rifles, placed in four taxicabs and instructed by Captain Halligan to scour the city in search of hold-up men of all descriptions. He especially warned them to be on the lookout for motor car bandits, but told them also to watch for perpetrators of petty robberies.

The captain's action followed his conviction that in the four men arrested Sunday and Monday he had only one of the automobile bandits. That one, he says, is Herbert Saucier, alias Catfish.

"If you meet motor bandits whose cars are speedier than yours," the captain told his men, "use your rifles. Do not be afraid to shoot."

One taxicab was sent to the north side, two to the west and the other to the south.

LONG TERMS IN JAIL

For Several of the London Suffragettes

LONDON, Jan. 8.—Long sentences were passed today on two of the militant suffragettes, many of whom in recent months have engaged in a campaign of destruction of the mails. Mary Billingham and Louisa Gay, two of the first to be arrested in connection with those outrages were brought up for trial at the Old Bailey today and sentenced to eight months imprisonment each.

May Billingham, who is a cripple and goes about on a tricycle, has been imprisoned on several occasions in connection with the suffrage campaign. The evidence given today showed that letter boxes throughout the center and the West End had been damaged, together with their contents, by means of acids, sticky fluids of various kinds, varnish or ink, and in some cases inflammable materials such as rags soaked in lamp oil, had been inserted through the slits in the boxes. Many valuable documents had been destroyed in this way, including money orders, checks and banknotes.

MISS HELEN GOULD

Her Wedding Expected to Take Place Next Week, But Date Has Not Been Announced

NEW YORK, Jan. 8.—The marriage of Miss Helen Gould to Philip Shepard of St. Louis is expected to be celebrated next week. It is stated that Miss Gould has fixed the date of the wedding and that invitations will be issued within a few days, but as these are to be confined to near relatives and friends and a home wedding is decided upon in preference to a church affair, the arrangements will be kept as private as possible. The wedding will be held at Miss Gould's country place at Irvington-on-the-Hudson, the idea of holding it at her Fifth Avenue residence having been abandoned because of the publicity that has attached to the announcement of her engagement.

Mrs. Cleveland at Washington

WASHINGTON, Jan. 8.—Mrs. Grover Cleveland and her fiancé, Prof. Thomas J. Preston, of Wells College, who arrived here yesterday were entertained at a dinner in their honor at the residence of Mr. and Mrs. John Hays Hammond to which the president and Mrs. Taft and a few other guests were invited. Miss Esther Cleveland is expected today and she and her mother will be the house guests of Mr. and Mrs. Hammond while here.

The president and Mrs. Taft will entertain Mrs. Cleveland and Prof. Preston at a dinner at the White House Saturday night.

WILL GO TO THE CHAIR

A. Gonzales Will Die for Wife Murder

WASHINGTON, Jan. 8.—Andrew Gonzales will be hanged here Jan. 17 for the murder of his wife despite the report of alienists that he shows symptoms of insanity. President Taft, after an exhaustive investigation, declined today to extend clemency to the condemned man, holding that his condition is not such now and was not such when he committed the crime as to exempt him from the responsibility for murder in the first degree.

The case created a puzzling question of ethics for officials—the propriety of hanging a probably insane man, although he may have been sane when the crime was committed. The murder was a brutal one, Gonzales cutting his wife's throat on the street as she was returning from an errand on which he had sent her while preparing to take her life.

BOWLING NEWS

The Pawtucket Blues won three points from the L. O. O. M. team in a game in the Moody Bridge league series last night. The winning team captured the first and second strings with comparative ease but fell by the wayside in the third, losing the latter by 25 pins. E. Mason of the winning team was high man.

The Draughtsmen and Office teams split even in a game played on the alleys last night the former taking the first string and total, while the latter took the second and third strings.

How to get More Tobacco and Fresher Tobacco for the Same Money

The price you pay for granulated tobacco is more than the cost of the tobacco plus a fair profit, because it must include the cost of the package. You pay for the tin can or cloth bag either by giving more money for your smoke or receiving less tobacco at the same price.

Master Workman Plug Tobacco smokers get fresher, finer flavored, cooler smoking tobacco, because no artificial package can keep the natural flavor of the leaf as well as the old method of pressing the moisture and flavor into the tobacco, and keeping it there with Nature's own protection, a natural leaf wrapper.

You can prove this by buying a plug of Master Workman. Get it today. Cut off a fresh pipe-load and enjoy a real smoke.

WESTFORD
A food sale, whist party and entertainment were held at the Unitarian church parlors last evening and a large number of people attended, since it was the first social affair of the new year. The social was under the direction of Mrs. John Feeney and Mrs. Eben Prescott, assisted by Mrs. A. H. Sutherland and Mrs. William R. Carver. Mr. Percy Yarnold and Miss Rachael Wall gave several pleasing solos during the evening. Whist was played for two hours, the winners being Mrs. Clara Goble and Walter Steel. After the whist light refreshments were served. The proceeds from the entertainment amounted to \$25, which was given to the church.

North Billerica
The installation of officers of the Father Mathew T. A. society took place last night in Mathew hall. The officers installed were the same as printed in these columns recently. Joseph Rollins of Jones' Corner was painfully injured a few days ago in Burlington when the tree he was cutting fell on him. Dr. M. A. Buck was called and several stitches were required to close the cut. The next regular meeting of the Billerica Grange will be held in the I. O. O. F. hall, Billerica today, and a very pleasant entertainment has been arranged. Miss Alice Conant of Deane will conduct the installation of officers.

Officer Page's Anniversary
Petrolman Alonzo J. Page finished out 12 years as a member of the police department and although the venerable city hall officer is well along in years he is very active and has an excellent record as an officer. Mr. Page was born in East Livermore, Me., in 1839 and in April, 1860, came to this city and was appointed a member of the department on January 9, 1869. He entered the force as a supernumerary and later became a regular officer. He has patrolled every section of the city with the exception of Little Canada, and for the past several years has been stationed at city hall.

Children Cry For Fletcher's CASTORIA

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Mansur Drug Co., of St. Paul, Minn., says: "We are not in the habit of recommending proprietary medicines, but we never hesitate to say a good word for Castoria. It is a medical success."

Hegeman & Co., of New York City, N. Y., say: "We can say for your Castoria that it is one of the best selling preparations in our stores. That is conclusive evidence that it is satisfactory to the users."

Myers-Dillon Drug Co., of Omaha, Neb., says: "Your Castoria is one of the best sellers we have. We cheerfully recommend it to our trade voluntarily at all times, and will testify to its merits at any and all times."

Weber Drug Co., of Indianapolis, Ind., says: "Fletcher's Castoria is an article for which there is no substitute. It is undoubtedly one of the most popular articles on the market to-day and our customers for it are numbered by the hundreds."

Parrish & Bailey Pharmacy, of Los Angeles, Cal., says: "During an experience of over 30 years in the retail drug business we have never found a proprietary remedy that has had such a large sale or given such universal satisfaction as your Castoria."

Theo. Metcalf Co., of Boston, Mass., says: "We have handled Fletcher's Castoria for years and consider it one of the best preparations made. Our sales are continually increasing and everyone of our customers have nothing but praise for Fletcher's Castoria."

W. H. Chapman, of Montreal, Que., says: "I have sold Fletcher's Castoria for many years and have yet to hear of one word other than praise of its virtues. I look upon your preparation as one of the few so called patent medicines having merit and unhesitatingly recommend it as a safe household remedy."

Wood and Flynn Ready for Bout

Tomorrow night at the weekly meeting of the Lowell Social and Athletic Club, Eddie Flynn and Lynn and Bay Wood of Fall River will appear in the main bout, and their offering should be one of the banner bouts of the season. Though all main bouts staged at the club this season have been well worth the price of admission, the one tomorrow night from where I sit, looks like the real cheese. Wood has the reputation of being one of the toughest lightweights in this section, and he has met some very clever men. In all his bouts he has shown up well and reports that he is in great condition for tomorrow night's show. Flynn, under the management of Mike Cries, who has handled many clever boys, is in fine shape. Word from Manager Cries was received yesterday, and he states that his protégé was never in better form. Mike is some judge of boxers, and his prediction that Eddie will be there strong, must be considered. Flynn will reach Lowell tomorrow from Haverhill, N. H., where he is training and will rest up during the day. The bout scheduled for tomorrow night is one that should prove interesting. The performers in this number will be Young Clark of Lowell, who recently defeated Gardner Brooks and Kid Pearl, the 115 pound amateur champion of New England. Both are fast and clever and the verdict means considerable to the winner. They are scheduled to go eight rounds. Shea, and another kid, Kid George, will spar in one of the six round bouts and Young Smith of Lowell and Kid Dunn of Marlboro will clash in the curtain raiser. The meeting will be held in Mathew hall, and the first bout will start at 8:15 o'clock.

U. S. CONSUL GENERAL

Paul Nash Died of Heart Failure

LONDON, Jan. 9.—A verdict of "Death from failure" was returned at the coroner's inquest today on the body of Paul Nash, United States consul general at Budapest. The doctor who had attended Mr. Nash was called as a witness and testified that his patient had taken a sleeping draught to combat the insomnia from which he had been suffering and that this possibly accelerated his death. The inquest general's body is to be cremated here and the ashes sent to Cambridge, Mass.

AMUSEMENT NOTES

Opera House

When "The Red Widow" is produced at the Opera House Jan. 11 it will be described as the program as a musical play. It is not a musical comedy, the story is said to be too substantial for that; too well knit and coherent, and the plot is not hackneyed.

HARRY LAUDER

"Tawky and pragmatic" was the phrase used by an eminent man of letters recently to describe Harry Lauder, who comes here on Friday afternoon, Jan. 10. An English reviewer continued the description by writing, after a performance by Lauder in Leeds: "It was the pawiness of Harry Lauder's humor that tickled the audience, when the great little man served up one or two of those items that are more Scotch distinctions than Scotch words. First, the Northern trait was seen in a greaser's errand boy, in whom humor, blended with a shrewd commercial instinct found expression, despite the restraining influence of a giant hump."

PAUL MARCEL

Paul-Marcel and his favorite associate artists come to the Opera House Friday night, January 10, not only do they come but they come armed and equipped to extract the last iota of every laugh that may be concealed in or about the audience that will greet them that night. How will they do it? Why with the three act comedy Vingt Jours d'Ombré which is pronounced the best medium of all the company's repertoire. It is a play of the rapid fire light and tripping order.

THE PENNY CLASS

Held Supper and Entertainment in St. Paul's Church Last Evening

The Perry Sunday School class of St. Paul's M. E. church held its regular meeting last evening in the church parlors. Supper was served at 7 o'clock, and was in charge of Mrs. Daniel Light, assisted by Miss Nellie Sturtevant, Mrs. Willis Light, Mrs. Leonard and Miss Phelps. The business meeting was held after supper, with the teacher and all officers present, and a considerable amount of business was transacted. Following that, there was an entertainment, the program of which was as follows: Mandolin selections from "The Holy City," Mr. John Perry, Jr.; song, "In the Shadows," Mrs. Willis Light; reading, "The Manifest God," Mrs. Elvira L. Gladwin; and song, "Nellie Dean," Master Hendrick Perry. During the remainder of the evening, games of all kinds were played, and just before the meeting closed, at 10:30 o'clock, the class joined in singing familiar songs. The next meeting of the club will be held Wednesday evening, February 12, in the vestry of the church.

Swiss Riflemen Will Not Come

BERNE, Switzerland, Jan. 9.—The Swiss riflemen have decided not to go to the United States for the international rifle contest to be held next September at Camp Perry, O., in connection with the centennial celebration. The reason given is that no provision has been made for their expenses, such as is usual at similar tournaments in Europe.
